## + locations

You may not realise it, but UHI covers the largest geographical area of any campus-based university or college in the United Kingdom. We also have one of the largest student populations in Scotland, with over 36,000 students choosing to study with us each year. You can learn online, from Scotland or wherever you are in the world, or join us at one of our campuses, in our country's stunning landscapes, set among the mountains and forests, on islands and the mainland, in historic towns and cities, in hi-tech research parks, and in high-quality learning spaces.

## + opportunities

Start where you need to and progress as far as you want to, all with UHI. With programmes at all levels, from access courses to degrees and beyond, we offer more than any single college or university can. Choose from an extensive range of subjects, with specialist courses in incredible locations: study golf in Dornoch, archaeology in Orkney, marine science in Oban, or Gaelic on the Isle of Skye! Our students regularly give us great feedback on our teaching, flexibility, support, and class sizes.

## + flexibility

We're a young university, but we have decades of experience. Our campuses have been providing learning opportunities for over fifty years and we've been delivering online learning for over twenty. Our in-person teaching, combined with online technologies, connects you to your fellow students across our campuses – or you can create your own style of community on our fully online courses.

## + support

We put students at the centre of what we do. Our support services are with you every step of the way, from your application, where we can help you with funding support, study skills, and accommodation, through to our 'UHI graduate for life' and FutureMe careers portal. At UHI you will always be a name, not just a number.

Start your journey  
with UHI.....

# Entry requirements and progression routes

We are proud to welcome and support students with a wide range of backgrounds, qualifications and life experiences. We'll do all we can to assist your application, and to support your needs once you are studying with us. Our learning structure helps you to reach your goal no matter where you start from. We do this by being flexible with our entry requirements and offering a range of alternative progression routes through our courses.

## Entry requirements – FAQs

Based on the unique range of courses on offer at UHI, an offer of a place is not always based on academic ability alone. We accept a wide range of equivalent qualifications and recognise that there are a variety of routes through which qualifications may be gained and ways in which readiness for higher education study may be demonstrated.

### + What qualifications do I need?

Information on minimum entry qualifications are provided in the summary sections on each individual course page or on our website. If you do not have the standard entry requirements, we would still encourage you to apply,

### + Can I use my qualifications from another institution?

Yes, you can sometimes receive credit for qualifications gained from other institutions. For example: a National Certificate or Higher National qualification in a relevant subject from another institution could be used to assist your application or in some cases could provide exemption from parts of a BA, BEng or BSc (Hons) degree.

### + Do I need to complete my qualifications in one exam sitting?

No, we will accept qualifications gained over more than one sitting.

### + Can I use my work experience as credit for a course?

Yes, we will accept properly evidenced voluntary and paid work experience. You may be asked to provide some additional information with your application and could also be invited for interview. Course leaders will give advice on compiling a recognition of prior learning claim.

## Scottish Credit and Qualifications Framework (SCQF)

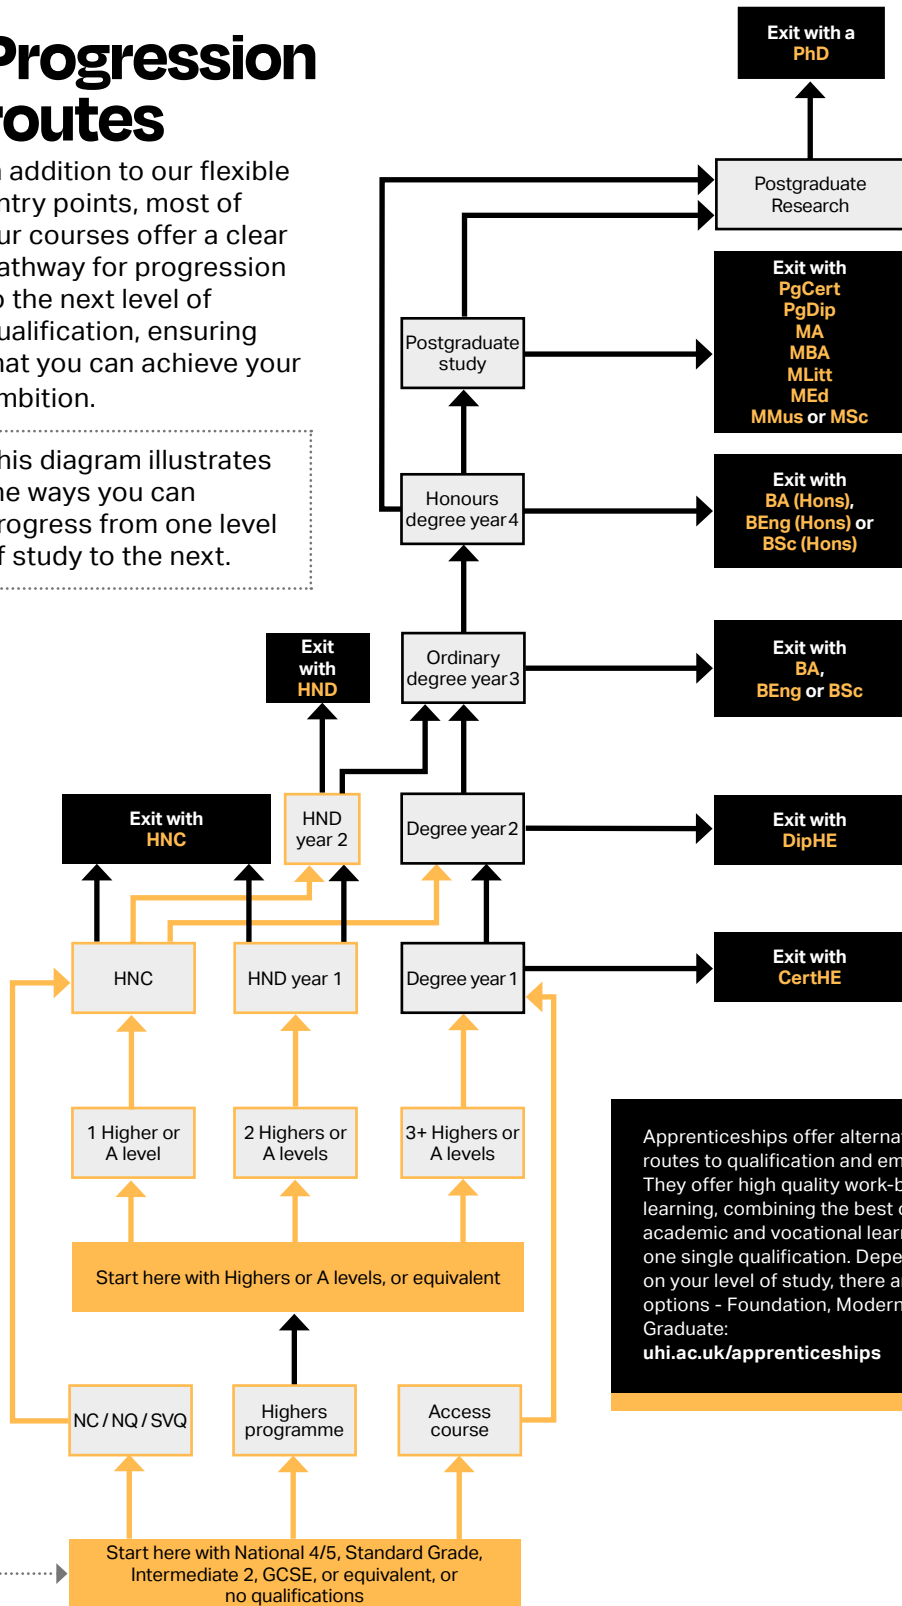

The SCQF Framework allows you to compare levels across different awards, build a progression route to your desired qualification, and transfer credit from one award to another. For more information, or to view the interactive version of the Framework, please visit the SCQF website at: [www.scqf.org.uk](http://www.scqf.org.uk)

# Progression routes

In addition to our flexible entry points, most of our courses offer a clear pathway for progression to the next level of qualification, ensuring that you can achieve your ambition.

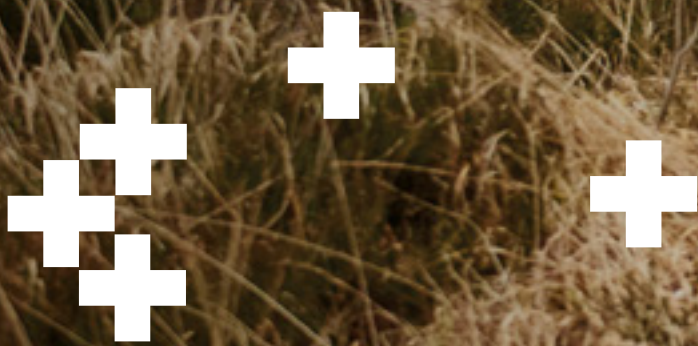

This diagram illustrates the ways you can progress from one level of study to the next.

Apprenticeships offer alternative routes to qualification and employment. They offer high quality work-based learning, combining the best of academic and vocational learning in one single qualification. Depending on your level of study, there are three options - Foundation, Modern and Graduate:

**Problem solving**

I started my student journey with UHI on HND Professional Cookery. It was the fact that world-renowned chefs, Andrew Fairlie and Tom Kitchin, had studied here that really attracted me to the course.

My favourite thing about this university is the staff and lecturers. They made me feel special, cared for, and part of a larger community. I was known by my name, rather than feeling I was just a number. When things were tough, my tutors were always there to provide support, reassurance and steer me along the right path.

Denny Pereira graduated from our HND Professional Cookery and is now studying on our BA (Hons) Event Management at UHI Perth.

# Hospitality Management

Make the most of an incredible opportunity to study and work with the best in Scottish hospitality, by joining us on our BA (Hons) Hospitality Management. Gain a world-renowned qualification in a country that excels in the field, with paid internships at our industry partners.

Have the experience of a lifetime with interviews at our partners across Perthshire, including the world-renowned Gleneagles Hotel, and guaranteed placements in the local area. Enjoy a beautiful work setting in our rooftop restaurant looking across the city of Perth, and work alongside trainee chefs to create traditional and fusion Scottish recipes, fine dining menus, gastro-style burgers and a range of cuisines to offer the experience of local and international cultures.

Work closely with our Professional Cookery course, plus local and international students, to create and run every element of the themed events held in the Brahan restaurant: working on everything from the props to the room design, engage with customers and support each other as a team throughout your course. In year 2, it's your turn! Choose your theme, plan your event and run your own night as general manager, with support from the rest of your group; with recent themes as varied as Phantom of the Opera, Disney, Field to Fork, Alice in Wonderland, and the Elements, there are incredible opportunities to unleash your creativity, while gathering all of the knowledge you'll need to be a success in the Hospitality industry.

## Structure and entry

Course code **NN28**

<b>Year 1 HNC Hospitality Operations or Professional Cookery</b>	Highers: C A levels: D  Alternatively, SCQF level 5 Food and Hospitality Studies or Event Management; SCQF level 6 Supervision and Leadership or Professional Cookery; a Foundation Apprenticeship in Business Skills; or other qualifications or experience, will be considered on an individual basis
<b>Year 2 DipHE</b>	Advanced entry may be possible with the HNC Hospitality Operations or HNC Professional Cookery (see pages 25-28)
<b>Year 3 BA</b>	Advanced entry may be possible with the HND Hospitality Management or HND Professional Cookery with Management (see pages 25-28)
<b>Year 4 BA (Hons)</b>	

## Study method

- + Face-to-face and video-conference lectures
- + Work placements
- + Online study

## UHI campuses

- + Perth

## Features

- + Strong focus on work placements to put your theory into practice
- + Benefit from a range of activities, including guest lectures, field trips, and networking to enrich your learning
- + Extensive and diverse graduate opportunities within hospitality operations and management

**HNC/HND Hospitality Operations/ Professional Cookery**

- + These can also be taken as stand-alone courses, see pages 25-28

learning  
means  
more

## Hospitality Operations/Hospitality Management

HNC

522N

HND

042N

These courses, which can form the first two years of the BA (Hons) Hospitality Management (see previous page), will give you the skills and knowledge needed to join this highly competitive industry. Subjects include hospitality supervision, financial and control systems, food hygiene, food and beverage service, licensed premises operations, work experience, and food production processes.

### Entry requirements

- Entry to year one (HNC)
- Highers: C; A levels: D. Alternatively, SCQF level 5 Food and Hospitality Studies; SCQF level 6 Supervision and Leadership or Professional Cookery; or a Foundation Apprenticeship in Business Skills

### UHI campuses

- Moray (HNC)
- Perth (HNC/HND)

# Accounting

HNC

104N

HND

004N

Start your career in accounting or financial administration with the HNC and HND Accounting, which form the first two years of the BA (Hons) Accounting and Finance (see page 10). Study a range of subjects including economics, law, statistics, communications, personal enterprise skills, personal development planning, and project management. An approved route into the BA (Hons) Business and Management (see page 11).

\*subject to revalidation: see website for details

## Entry requirements

- Entry to year one (HNC)
- Highers: C; A levels: D; preferably in a numeracy-based subject; NC Accounting or NC Business (with a minimum passmark of 70% accounting units); or a Foundation Apprenticeship in Accountancy, Business Skills, or Financial Services

## UHI campuses

- Inverness (HNC/HND)
- Moray (HNC/HND)
- Perth (HNC/HND)
- Shetland (HNC)

# Administration and Information Technology

HNC

17PN

HND

75NG

Develop first-line management skills and knowledge required for office management or supervisory work, as well as advanced technology skills relevant to a modern office environment. Study units such as IT in business, office administration, and personal development planning, and choose whether to study optional subjects such as marketing and personal enterprise skills. An approved route into the BA (Hons) Business and Management (see page 11).

## Entry requirements

- Entry to year one (HNC)
- Highers: C; A levels: D; preferably including English, Administration, Business, or Accountancy; a relevant NC qualification totalling at least 12 credits; a relevant NQ; or a Foundation Apprenticeship in Accountancy or Business Skills

## UHI campuses

- Argyll (HNC/HND)
- Inverness (HNC)
- Moray (HNC)
- North Highland<sup>+</sup> (HNC/HND)
- Perth (HNC/HND)
- Shetland (HNC)
- West Highland<sup>+</sup> (HNC/HND)

# Business

HNC

001N

HND

101N

Gain highly-sought after employable skills, studying business fundamentals, marketing, economics, emergent technologies, IT, communication, accounting, and management. Build on your knowledge at each level, further developing your business and management concepts and growing in expertise. An approved route into the BA (Hons) Business and Management (see page 11).

## Entry requirements

- Entry to year one (HNC)
- Highers: C; A levels: D; or NC/NQ in Business, Administration, or Accounting at SCQF level 5; Foundation Apprenticeship in Accountancy, Financial Services or Business Skills; or Access to HN Business

## UHI campuses

- Argyll (HNC)
- Inverness (HNC)
- Moray (HNC)
- North Highland<sup>+</sup> (HNC)
- Orkney (HNC)
- Outer Hebrides<sup>+</sup> (HNC)
- Perth (HNC/HND)
- Shetland (HNC)
- West Highland<sup>+</sup> (HNC/HND)

<sup>+</sup> See campus map page 153 for details

Where learning means more

## Fitness, Health and Exercise\*

HNC

206C

HND

006C

Gain an introduction to the fundamental principles of training and science, as well as the interdisciplinary nature of fitness and exercise, and learn how to involve individuals in their own fitness and health. Study topics such as exercise and fitness, health and safety management, nutrition for fitness, health and exercise, first aid for sport and fitness, and health screening. Approved route into BSc (Hons) Sport and Fitness (see page 17).

### Entry requirements

- Entry to year one (HNC)
- Highers: CC; A levels: DD; these should preferably include English plus a science subject or Mathematics. Alternatively, a relevant NC/NQ at SCQF level 6. PVG scheme membership is required in order to undertake these courses: see website for details

### UHI campuses

- Inverness (HNC/HND)
- Moray (HNC)
- Perth (HNC/HND)

\*subject to revalidation: see website for up-to-date details

# Professional Cookery/ Professional Cookery with Management

HNC

122N

HND

622N

Are you an aspiring chef with the drive to pursue a career in professional cookery and kitchen management? Join these comprehensive courses and learn hospitality supervision, food classification and purchase, financial accounting, industrial experience, and more. Both qualifications are approved routes into the BA (Hons) Hospitality Management (see page 24), and can form the first two years of that course.

## Entry requirements

- Entry to year one (HNC)
- Highers: C; A levels: D. Alternatively, NC Hospitality or Professional Chef Awards: Silver or Gold: see website for details

## UHI campuses

- Moray (HNC)
- North Highland<sup>+</sup> (HNC)
- Orkney (HNC)
- Perth (HNC/HND)
- West Highland<sup>+</sup> (HNC)

<sup>+</sup> See campus map page 153 for details

# Soft Tissue Therapy

HNC

Course code 161B

Gain the expertise needed to perform hands-on treatments and work with any athlete, from recreational participants through to elite performers. Study clinical sports massage, prevention and management of sports injury, pathology and aetiology of sports injury, sports therapy: anatomy and physiology, and more. This qualification is an approved route into the BA (Hons) Sports Therapy and Rehabilitation (see page 18), and forms the first year of that course.

## Entry requirements

- Highers: CC; A levels: DD; plus a core skills profile at SCQF level 5 with Communication at SCQF level 6, or equivalent; or relevant GCSE equivalent core skills. Alternatively, NQs at SCQF level 6, or S/NVQ level 3 or equivalent, in an appropriate subject area. PVG scheme membership is required in order to undertake this course: see website for details

## UHI campuses

- Inverness
- Moray
- Perth

# Sports Coaching and Development

HNC

06XC

HND

CX61

Develop your understanding of the theoretical and practical issues that you'll face in a career in sports coaching for indoor or outdoor sports. Study sports coaching and development, coaching children, human anatomy, physiology, and biomechanics in sport, strength and conditioning, first aid, and more.

## Entry requirements

- Entry to year one (HNC)
- Highers: CC; A levels: DD; these should preferably include English, plus a science subject or Mathematics. Alternatively, a relevant NC/NQ at SCQF level 6. PVG scheme membership is required in order to undertake these courses: see website for details

## UHI campuses

- Inverness (HNC/HND)
- Moray (HNC)
- Perth (HNC/HND)

# Sports Therapy

HND

Course code 036C

Do you see yourself working with athletes in the maintenance and improvement of their sporting performance, treating and rehabilitating injuries that affect their output? Study this HND, with subjects including sports fitness and return to participation criteria, psychology of sports injury, electrotherapy, biomechanics and movement patterns, clinical and team experience, and more. This qualification builds on the HNC Soft Tissue Therapy; it is an approved route into the BA (Hons) Sports Therapy and Rehabilitation (see page 18) and forms the second year of that course.

## Entry requirements

Entry to year one (HNC)

- Highers: CC; A levels: DD; plus a core skills profile at SCQF level 5 with communication at SCQF level 6, or equivalent; or relevant GCSE equivalent core skills. Alternatively, NQs at SCQF level 6, or S/NVQ level 3, or equivalent, in an appropriate subject area, for example, health or sport. PVG scheme membership is required in order to undertake this course: see website for details. You will also be invited for a group and/or individual interview where you will get the opportunity to find out more about the course and tell us why you are interested in this subject area

## UHI campuses

- Inverness
- Moray

# Technologies in Business

HNC

1611

HND

2611

Broaden your horizons and career prospects by developing the highly sought-after combination of business and technology skills. Let our supportive lecturers use their expertise to guide you through subjects such as cyber resilience, Big Data, project management methodologies, business strategy, and social media, to give you a well-rounded foundation in the knowledge you'll use throughout your business tech career. Acquire fundamental knowledge of business operations, technology, project management, and entrepreneurship, and work with real employers on projects and case studies, with possibilities for teamwork with students across the UHI network and excellent progression opportunities. Approved routes to years two and/or three of our BSc (Hons) Computing (see page 55) and BA (Hons) Business and Management (see page 11).

## Entry requirements

Entry to year one (HNC)

- Highers: C; A levels: D; preferably in a science- or technology-based subject and/or Business, Mathematics or English, plus 3 National 5s, also in science- or technology-based subjects. Alternatively, NC in Computing or NC in Business, to SCQF level 6, NPA to SCQF level 6 in Data Science, Business with Information Technology or Cyber Security, or equivalent

I chose UHI after speaking with Skills Development Scotland at my school. I knew I wanted to study something around computing but that it had to be local to me. They suggested UHI as they offer a range of computing courses right on my doorstep.

Continuing on with my studies will allow me to develop my skills and experience with a variety of technologies. Having this versatility and knowledge will undoubtedly be useful for my future career.

Casey Smith is studying on our HNC Computing at UHI Shetland.

# Applied Software Development

in collaboration with

Are you a creative problem solver, passionate about using your skills to make a positive impact on the world? Don't have a maths, computing, or technical background? No problem. Let us teach you all the practical skills you'll need to tackle problem-based, real-world challenges, on this creative, problem-solving course.

Take advantage of our close collaboration with industry to ensure you gain the knowledge and hands-on experience of software development that employers are seeking. Learn software development in a brand-new way, on a degree developed in collaboration with IBM. Experience the typical day of a junior software developer as you work in teams on projects to develop a portfolio of work, research solutions to problems as they arise, and build employability skills in the technical, business, and project management areas of software development. Let us guide you to a new career in software development with mentoring, guest lecturing, and support from the experts at IBM.

Structure and entry		Course code I310
Year 1 CertHE	Highers: CCC A levels: CC  Alternatively, a Foundation Apprenticeship plus one Higher, or other qualifications or experience (particularly from those with a creative background), will be considered	
Year 2 DipHE

# Art and Contemporary Practices

Explore your creative identity and engage your imagination, working on collaborative projects, participatory art, community initiatives, digital creation, relational practices, curation, art and education, public art, and more. Interpret and contextualise theory, creative, and technical skills to produce effective contemporary art that builds engagement between the art world and the wider community.

Set your sights on a successful career, focusing on employment in your chosen field, with opportunities to explore the evolving possibilities for art and creativity within the full context of contemporary art, health, recreation, and education.

## Structure and entry

Course code **W190**

<b>Year 1 HNC Contemporary Art Practice</b>	Highers: C A levels: D  Alternatively, an NC Art and Design, a Foundation Apprenticeship Creative and Digital Media, or other qualifications or experience, will be considered: see website for details
<b>Year 2 HND Contemporary Art Practice</b>	Advanced entry may be possible with the HNC Contemporary Art Practice (see page 56), with a B or above in the Graded Unit
<b>Year 3 BA</b>	Advanced entry may be possible with the HND Contemporary Art Practice (see page 56), with a B or above in the Graded Unit
<b>Year 4 BA (Hons)</b>	

PVG scheme membership is required to undertake specific optional modules on the course: see website for details

## Study method

- + Face-to-face and video conference lectures
- + Practical sessions
- + Online study

## UHI campuses

- + Inverness
- + Perth

## Features

- + Opportunities for national and international trips to enhance your experience
- + Unique in Scotland, the course is delivered by local and international practicing artist educators, and has a firm focus on employability
- + Studio practice, work placements, and collaborative projects give you the opportunity to define your own creative identity

## HNC/HND Contemporary Art Practice

- + These can also be taken as stand-alone courses, see page 56

## Fine Art

Cultivate your creative skills in a vibrant and engaging environment, as you explore and experiment with techniques in drawing, painting, digital imaging, photography, spatial studies, printmaking, textiles, and more.

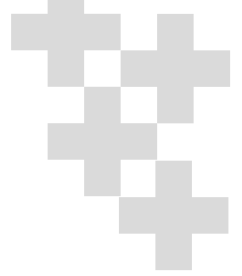

Enjoy individual studio space from year two and exhibit your work in years three and four. Grow in confidence and ability, with the support of a highly-experienced team of visual practitioners and academics, who will guide you in reflecting on your own practice and the work of other artists while establishing an awareness of industry and sector professionalism. Benefit from our strong links with the cultural sector, including galleries, museums, and arts organisations, on a programme enriched with frequent cultural and environmental trips, as well as visits to and from artists and professionals in the industry.

Structure and entry		Course code W100
<b>Year 1 CertHE</b>	Highers: CCC A levels: CC The above should include English Alternatively, a relevant Scottish Wider Access Programme (SWAP), University of the Arts London Art and Design Diploma level 3, or a recognised Art Access course with evidence of ability in written coursework, for example, a unit in contextual study or art history, will be considered: see website for details

<ul style="list-style-type: none"> <li>+ Face-to-face lectures and tutorials</li> <li>+ Practical work</li> <li>+ Online study</li> </ul>	<ul style="list-style-type: none"> <li>+ Perth</li> </ul>	<ul style="list-style-type: none"> <li>+ Develop skills and explore your creative potential through song writing and composition, collaboration in band and ensemble work, with studies in music business and audio</li> <li>+ Perform in renowned venues and festivals around Scotland</li> <li>+ Instrumental study is part of the course and you will have the opportunity to perform solo and with a band</li> <li>+ Network with impressive guest speakers</li> </ul>

## HNC Music

+ These can also be taken as stand-alone courses, see page 58

# Audio Engineering

Is music in your veins? Can you recognise good sounds from bad and are you motivated to make a listening experience the best it can be? If a career in this thriving industry sounds good to you, you've come to the right place.

Study at the longest established audio engineering education centre in Scotland, with a reputation as a centre of excellence. Access leading-edge equipment and recording studios, and collaborate with music students, experiencing a realistic working environment and learning technical skills while you develop your creative style. Practice recording and producing student bands, create broadcast content, and work in professional theatres and live venues, as well as venues and production rooms on-campus.

Structure and entry		Course code H642
<b>Year 1 HNC Sound Production</b>	Highers: C A levels: D The above should preferably include Music, Physics, Maths, or English Alternatively, an NC Sound Engineering, NC Music, or other qualifications or experience, will be considered on an individual basis	
<b>Year 2 DipHE</b>	Advanced entry may be possible with an HNC Sound Production (see page 58) or other relevant HNC	
<b>Year 3 BSc</b>		
<b>Year 4 BSc (Hons)</b>		

You may be required to attend an interview

Study method	UHI campuses	Features

## HNC Sound Production

+ These can also be taken as stand-alone courses, see page 58

# Drama and Production

Whether you dream of performing to an audience or you'd be happier applying your talents behind the scenes, raise the curtain on your theatrical dreams with this comprehensive, thoughtfully-constructed programme.

Train as a performer, practitioner, producer, or researcher, with a focus on planning, production, and entrepreneurial skills. Cultivate valuable performance production skills via involvement with in-house productions as well as those from visiting companies. Access fantastic placements and performance opportunities as a result of the programme's connections with theatre practitioners and arts centres in the region, and develop a major piece of practice and/or text-based research in your fourth year, drawing on the critical performance and production skills developed throughout the degree.

Structure and entry		Course code W440
<b>Year 1 HNC Acting and Performance/ Musical Theatre</b>	<p>Highers: CC</p> <p>A levels: DD</p> <p>The above should include English plus four National 5s at grade C or above, or equivalent</p> <p>Alternatively, a relevant NC; or a UAL Level 3 Diploma in Performing and Production Arts (SCQF level 6): see website for details</p>	
<b>Year 2 DipHE</b>	Advanced entry may be possible with an HNC Acting and Performance (see page 56) or HNC Musical Theatre (see page 58), with 15 credits and a B or above in the Graded Unit, or 120 credits at SCQF level 7 in a relevant subject	
<b>Year 3 BA</b>	Advanced entry may be possible with an HND Acting and Performance or HND Musical Theatre (see page 58), with 30 credits and a B or above in the Graded Unit	
<b>Year 4 BA (Hons)</b>		

Study method	UHI campuses	Features
<ul style="list-style-type: none"> <li>+ Face-to-face and video conference seminars</li> <li>+ Intensive practical workshops</li> <li>+ Online study</li> </ul>	<ul style="list-style-type: none"> <li>+ Inverness</li> <li>+ Shetland</li> </ul>	<ul style="list-style-type: none"> <li>+ Placement opportunities and connections via the programme's network of theatre practitioners</li> <li>+ Rolling programme of extra-curricular master classes and workshops delivered by industry professionals</li> <li>+ Showcase your performance work at venues across the region</li> <li>+ Opportunities to develop independent performance projects</li> </ul>

# Contemporary Film Making in the Highlands and Islands

Set the scene for your future amongst the beautiful and diverse rural landscapes of Scotland. Write, capture, and produce creative films in collaboration with local communities; involve experts in the arts and cultural fields, and cultivate healthy industry links that will stand you in good stead for your future career.

Study craft skills, editing and production, film studies, documentaries, and cultural archiving and recording, in an environment that encourages personal development and learning. Gain valuable knowledge in small business planning and research, while acquiring the technical ability and hands-on, intensive experience needed to succeed in this rewarding industry.

## Structure and entry

Course code **W600**

<b>Year 1 CertHE</b>	<p>Highers: CCC A levels: CC</p> <p>The above should include one literary subject, for example: English, History, or Psychology, plus National 5 Computing Science at grade C or above, or equivalent</p> <p>Alternatively, Scottish Wider Access Programmes (SWAP), a Foundation Apprenticeship in Creative and Digital Media with an additional Higher at grade C or above in either English, History, or Psychology, or other qualifications or experience, will be considered: see website for details</p>
<b>Year 2 DipHE</b>	Advanced entry may be possible with a relevant HNC with a B or above in the Graded Unit: see website for details
<b>Year 3 BA</b>	
<b>Year 4 BA (Hons)</b>	

Relevant industry experience or understanding of the requirements of film-making is also required. You must attend an interview to assess your technical ability

## Study method

- + Face-to-face and video-conference lectures and tutorials
- + Twice-yearly residential experiences
- + Online study

## UHI campuses

- + North Highland\*
- + Orkney  
subject to the recruitment of a minimum cohort
- + Shetland
- + See campus map page 153 for details

## Features

- + Residential experiences will enrich your learning
- + Hands-on learning and immediate experience to develop skills in business planning and research

# Creative Writing in the Highlands and Islands

Do you love the written word? Are you driven by the importance of story-telling? If everything you read makes you want to write something better, it's time to make this course the next page in the book of your life.

Explore creative disciplines within the cultural, social, political, geographical, and historical context of Scotland, and learn how they make our area culturally unique while still connecting us to the literature, traditions, and histories of our geographical neighbours. Pursue your individual creativity, work towards publishing your own pieces, and present your work in new and traditional ways, while developing the intellectual stimulation and professionalism required to be a successful writer in your chosen field.

## Structure and entry

Course code **W830**

### Year 1 CertHE

Highers: BCC

A levels: BC

The above must include English at grade B or above

Alternatively, Scottish Wider Access Programmes (SWAP) will also be considered: see website for details

### Year 2 DipHE

### Year 3 BA

### Year 4 BA (Hons)

You must also submit a portfolio of examples of creative writing (up to 3,000 words) and attend an interview

## Study method

Work towards publishing your own work
- + Residential experiences will enrich your learning
- + Taught by staff from a variety of creative and professional backgrounds
- + Links with local communities

# Literature and Creative Writing

Are you passionate about reading? Do you long to study literary works while developing your own styles of writing? Combine all three as you explore literature in a global context, covering a wide range of authors, in English and translation, from the classical to the contemporary, and looking in-depth at language and literary history within texts and on the international literary stage.

Gain a solid grounding in four of the main areas of creative writing: poetry, prose, playwriting, and the screenplay; examine how these can inform and support other areas of professional writing; and, through the programme's carefully structured blend of research, residentials, and creative projects, become a confident, enthusiastic and highly employable writer, researcher, and reader.

Structure and entry		Course code Q32W
Year 1 CertHE	<p>Highers: BBC</p> <p>A levels: BC</p> <p>The above must include English at grade C or above, plus one from the list of relevant subjects: see website for details</p> <p>Alternatively, Scottish Wider Access Programmes (SWAP), or other qualifications or experience, will be considered on an individual basis: see website for details</p>

# Acting and Performance

HNC

Course code 014W

Do you have experience in performance? Or have you always wanted to pursue your interest but never taken it further? Now is your time. Develop your skills in voice, movement, acting, and stage craft with our HNC. Be part of performances in the community and in our versatile performing arts studio, collaborating with students on the BA (Hons) Drama and Production to trial run your performances in scratch performance nights, work in teams, share leadership opportunities, and take part in innovative and creative approaches to working in rehearsal and performance.

## Entry requirements

- Highers: CC; A levels: DD; these should include English plus four National 5s at grade C or above, or equivalent; a relevant NC; or a UAL Level 3 Diploma in Performing and Production Arts (SCQF level 6): see website for details

## UHI campuses

- Inverness
- Moray\*

\*in collaboration with *Out of the Darkness Theatre Company*

# Contemporary Art Practice

HNC

209W

HND

309W

Join these stimulating, project-based, interdisciplinary courses and respond to a range of creative briefs designed to challenge, motivate, and inspire. Explore a variety of media, processes, and techniques, including drawing, painting, sculpture, film, and photography. Develop your personal work and projects, with modules in portfolio-building and personal development planning. These courses form the first two years of our BA (Hons) Art and Contemporary Practices (see page 44).

## Entry requirements

Entry to year one (HNC)

- Highers: C; A levels: D; or NC Art and Design; Foundation Apprenticeship Creative and Digital Media. You must also submit a portfolio of visual work and attend an interview. PVG scheme membership may be required: see website for details

## UHI campuses

- Inverness (HNC/HND)
- Perth (HNC/HND)
- West Highland<sup>+</sup> (HNC/HND)

# Fashion: Design and Production with Retail

HNC

132W

HND

232W

Bring your love of fashion to life on courses that combine creativity with application. Set in fully-equipped spaces, with views overlooking Stornoway Castle, develop highly relevant, sought-after skills such as textile technology, pattern construction, fashion design, merchandising, commercial design, garment production, fashion illustration, and millinery. Gain in-depth industry experience of designing and working with Scotland's famous Harris Tweed, with incredible opportunities to visit local mills, weavers, and artisans.

## Entry requirements

Entry to year one (HNC)

- Highers: CC; A levels: DD; preferably in Art, English, or Fashion and Textiles; NC Fashion Design and Production, or equivalent at SCQF level 5 or 6. Evidence of experience or qualifications in Art and Design or a related area will also be required

## UHI campus

- Outer Hebrides<sup>+</sup>

<sup>+</sup> See campus map page 153 for details

# Jewellery

HNC

Course code 127W

Immerse yourself in the supportive environment of a creative community as you carefully hone your design and jewellery-making skills. With the beautiful Outer Hebrides as your backdrop, learn techniques such as construction, casting, and stone setting, and elevate your skills to industry standard. Set your imagination loose on practical projects, and produce considered, informed pieces that showcase your quality craftsmanship.

## Entry requirements

- National Certificate; appropriate collection of National Certificate Units in Jewellery; or equivalent qualifications at SCQF level 5 or 6. Applicants with some experience of jewellery making, or evidence of experience or qualifications in a related area of Art and Design, will also be considered

## UHI campus

- Outer Hebrides<sup>†</sup>

# Music

HNC

103W

HND

003W

Nurture your musical passions and pursue a dynamic career in popular or traditional music performance. Develop your understanding of the music industry and enhance your instrumental skills, with modules in first study instrument or composition, live performance, theory, graded units, and music business. Take the HNC as the first year of our BA (Hons) Popular Music, or use the HNC or HND to access the second or third years of the BA (Hons) Popular Music or BA (Hons) Applied Music (see pages 38-40).

## Entry requirements

- Entry to year one (HNC)
- Highers: C; A levels: D; or an NC Music. You will also attend an audition and interview, for which you must prepare and perform a piece that demonstrates your skill set on your instrument or voice; for writers this can be an original composition or song

## UHI campuses

- Outer Hebrides<sup>†</sup> (HNC)
- North Highland<sup>†</sup> (HNC)
- Perth (HNC)
- Shetland (HNC)
- West Highland<sup>†</sup> (HNC/HND)

# Music Business

HNC

Course code 31WN

Study at one of the best equipped facilities in Scotland, as we support your ambition to work in various sectors of the music industries. Learn about music law, artist management, music genres throughout history, record labels and artists, marketing and promotion, communication skills, releasing a record, running a live music event, budgeting and accounts, tour management, and publishing. This course forms the first year of our BA (Hons) Music Business (see page 49).

## Entry requirements

- Highers: C; A levels: D; NPA Music Business; NC Music; NC that includes communication, numeracy and IT skills; or a Foundation Apprenticeship Creative and Digital Media. You must also attend an interview

## UHI campus

- Perth

<sup>†</sup> See campus map page 153 for details

# Musical Theatre

HNC

113W

HND

013W

Combine your love of singing, dancing, and acting by pursuing a career in theatre and community performance. Learn the tools of your trade through a range of performance opportunities and training, creating and leading your own projects, and collaborating with students on the HNC Technical Theatre to gain an understanding of the complete production process. Enrich your experience with inspiring visits from guest lecturers, excellent industry visits, and masterclasses by industry professionals.

## Entry requirements

Entry to year one (HNC)

- Highers: C; A levels: D; successful completion of a related SCQF level 6 or equivalent qualification, such as NC Music or NC Acting and Theatre Performance; or other relevant qualifications or industry experience will be considered. You will also attend an audition and interview to assess your musical ability

## UHI campus

- Perth

# Photography

HNC

Course code 146W

Are you a creative practitioner, looking to build a solid technical and theoretical foundation in the field of contemporary photography? Maybe you're looking to expand your academic experience? Do both with our Photography HNC. Explore a range of different genres such as portraiture, environment, still life, and documentary practice, whilst generating an extended portfolio. Base yourself largely in your home region, with two short practical residentials held at UHI West Highland (Broadford). Take advantage of specialist printing facilities and participate in our portfolio presentation module, with opportunities to present your work to the public. You will need access to photographic equipment and computer facilities with editing software, plus sufficient studio space for practical work.

## Entry requirements

- Highers: C; A levels: D; NC Photography; competence in photographic-based skills, evidenced by a portfolio, will also be considered alongside an interview

## UHI campus

- North Highland\*
- Perth

# Sound Production

HNC

Course code 316W

Influence the music and sounds we listen to on a daily basis by pursuing a career in sound production. Choose to pursue paths in studio recording and production, live sound and design, or multimedia application, including digital media, gaming, and web sounds. Learn audio skills, digital audio workstations, sound production, recording and mixing, skills for business, sound for live events, and creative music re-mixing. This course forms the first year of our BA (Hons) Audio Engineering (see page 51).

## Entry requirements

- Highers: C; A levels: D; preferably including Music, Physics, Maths, or English. You may be required to attend an interview

## UHI campuses

- North Highland\*
- Perth

\* See campus map page 153 for details

# Technical Theatre HNC

## Technical Theatre and Production Arts HND

HNC

144W

HND

044W

With a growing demand for well-trained, capable support, there are no shortage of behind-the-scenes opportunities in the theatre and events industry. Gain hands-on experience in lighting and sound systems, stage management, set design and construction, and audio visual systems, and enjoy valuable work experience with established venues across the region.

### Entry requirements

- Entry to year one (HNC)
- Highers: C; A levels: D; or other relevant qualifications or experience may be considered

### UHI campuses

- Perth

## Textiles

HNC

124J

HND

224J

Delve into these visual and tactile experiences in surface decoration, creative textile development, and drawing and design development, as they relate to fashion, interior, and accessory design. Explore and experiment with materials, media, and techniques to gain a broad range of skills and knowledge in textiles and fashion design. Stay in touch with the latest trends via guest lecturers and industry visits, ultimately producing a portfolio of work, plus a final textile and fashion collection.

### Entry requirements

- Entry to year one (HNC)
- Highers: C; A levels: D; or an NC in a relevant subject area. Individual competence in textiles-based skills evidenced by a portfolio of work will also be considered. You will also be required to attend an interview

### UHI campuses

- West Highland<sup>†</sup>

## Visual Communication

HNC

712W

HND

312W

Looking to combine your love of design with your interests in technology and communication? Join our dynamic and contemporary programmes, using state-of-the-art software and printmaking facilities to explore creative tools and techniques relevant to graphic design, photography, moving image, and illustration. Enhance your employment opportunities with live project work in liaison with industry. These courses form the first two years of our BA (Hons) Visual Communication and Design (see page 46).

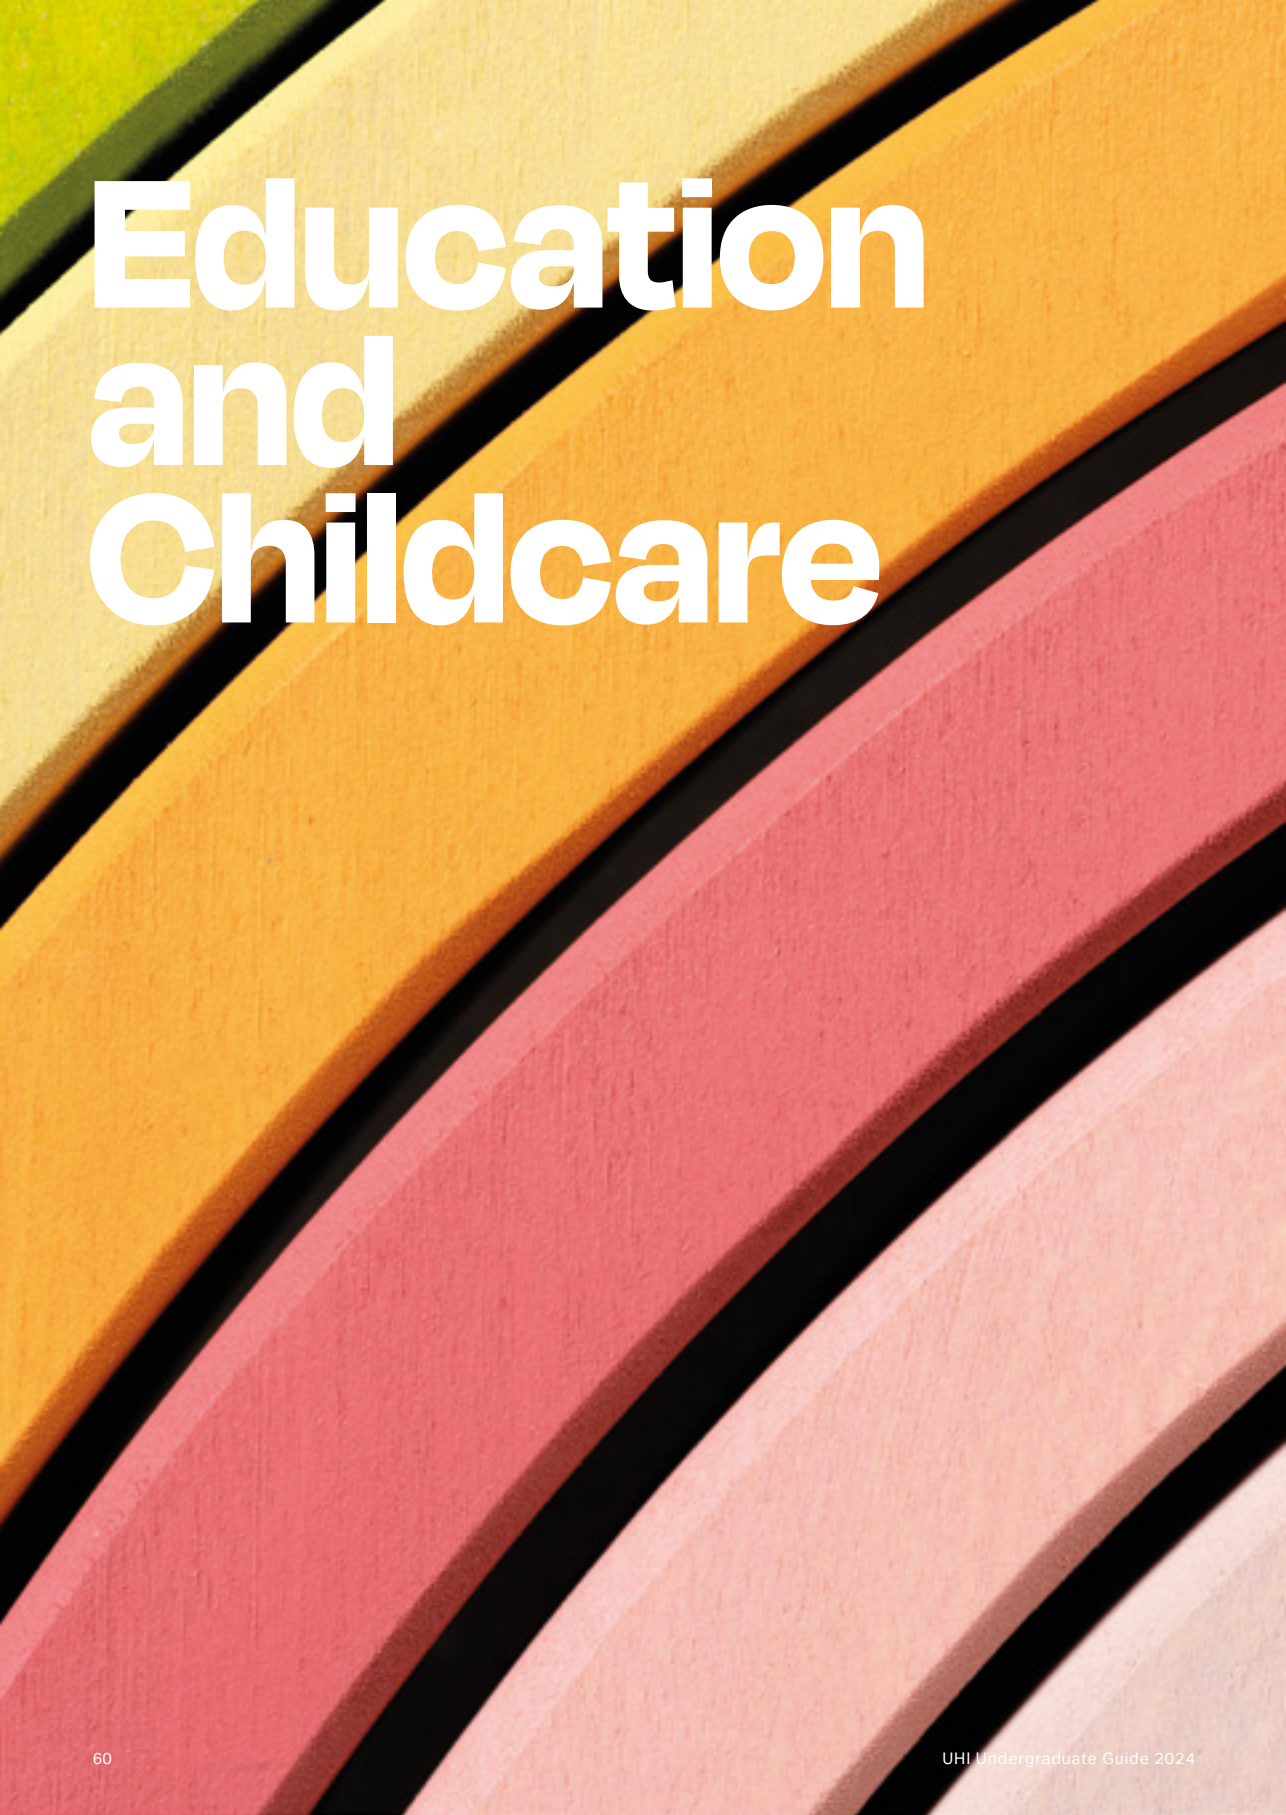

### Entry requirements

- Entry to year one (HNC)
- Highers: C; A levels: D; relevant NC; University of Arts London Diploma Level 3 Award; or a Foundation Apprenticeship Creative and Digital Media. You may be required to submit a portfolio and attend an interview

### UHI campuses

Youth and social work

# Food, Nutrition and Textiles Education

Are you the future of home economics teaching in Scotland? Can you bring the best out of young people, while teaching them practical life skills that will help them now and throughout their future?

Join this unique course and combine academic study in food, nutrition, textiles, and education with vocational training as a teacher in secondary schools. Learn how to help pupils make informed decisions to maintain and improve their physical and mental health, while incorporating different aspects of lifestyle such as money management, relationships, textiles and fashion, food technology, and more. Bring your imagination and enthusiasm into the classroom, and engage the hearts and minds of the future.

## Structure and entry

Course code X134

Course code X104

<b>Year 1 CertHE</b>	Highers: BBC A levels: BC  The above must include English at grade C or above plus National 5 or GCSE Maths at grade C or above
<b>Year 2 DipHE</b>	
<b>Year 3 BA</b>	
<b>Year 4 BA (Hons)</b>	

An aptitude for teaching and working with young people should be displayed in your application. You must also attend an interview. PVG scheme membership is also required: see website for details

## Study method

- + Video conference lectures and tutorials
- + Online study
- + Some face-to-face may be possible based on your location
- + Practical placements in local schools

## UHI campuses

- + Inverness  
further locations to be confirmed: see website for details

## Features

- + Combines academic study in theology, ethics, and philosophy with vocational training as a teacher
- + Taught by dedicated specialists and lecturers with strong community links, combined with the support of a dedicated education mentor
- + 30 weeks of practical teaching elements arranged through the national school placement system, and local authorities across Scotland
- + Access to an extensive specialist library of around 65,000 volumes

# Child and Youth Studies

Could you teach valuable life skills through play? Are you passionate about supporting our future generations through their incredible and varied stages of life?

Harness your energy and enthusiasm for children's welfare as they navigate their childhood experiences, and join our pioneering programme, the first to combine child and youth studies in Scotland, to pursue an exciting and rewarding career in this diverse and vital field. Gain a deep understanding of child and youth issues in the Highlands and Islands, particularly in the context of the UK and Europe. Celebrate diverse childhood experiences and explore the complex situations and challenges they present. Learn about the physical, social, and psychological elements that impact progression, and contribute to the growth and development of children in your area to make a difference to their lives, opportunities, and futures.

## Structure and entry

Course code **L530**

<b>Year 1 CertHE</b>	Highers: CCC A levels: CC  Alternatively, a Foundation Apprenticeship Social Services (Children and Young People) plus an additional Scottish Higher at grade C or above, a relevant Scottish Wider Access Programme (SWAP), or other qualifications or experience, will be considered on an individual basis: see website for details
<b>Year 2 DipHE</b>	Advanced entry may be possible with the HNC Childhood Practice (see page 68) or HNC Social Services (see page 115), plus additional credits
<b>Year 3 BA</b>	
<b>Year 4 BA (Hons)</b>	

You must attend an interview (in person or online) to discuss the course in detail and to explain the method of teaching. This course is delivered through online learning so you can study when and where it suits you in the UK

## Study method

- + Online study

## UHI campuses

- + Argyll
- + Inverness
- + Moray
- + North Highland<sup>+</sup>
- + Orkney
- + Outer Hebrides<sup>+</sup>
- + Perth
- + Shetland
- + West Highland<sup>+</sup>
- + See campus map page 153 for details

## Features

- + Ideal preparation for a career in child and youth work
- + Undertake a research project related to your work or area of special interest
- + Specifically tailored to the needs of rural areas
- + The flexible delivery method allows you to fit your studies around your personal and professional commitments
- + Individual modules can be completed for personal or professional development (CPD)

## Graduate Apprenticeship

- + We also offer a Graduate Apprenticeship BA in Early Learning and Childcare, see page 68

# Childhood Practice

Take your next steps in this exciting and aspirational field and open your future up to a wide range of opportunities, in childhood practice settings and beyond.

Combine your working experience with your studies, to grow in knowledge and strengthen your theoretical and practical capabilities, with the opportunity to investigate in-depth an area of particular interest to you. Develop your leadership and collaborative skills in our supportive environment, engage with your fellow course members in scheduled and informal settings, and choose modules from an array of relevant, engaging subjects, from the comfort of your home or local area. Qualify as a lead practitioner or manager with this excellent Scottish Social Services Council (SSSC) recognised qualification.

Structure and entry		Course code n/a
<b>Year 1 DipHE</b>	<p>You must be employed, with at least two years' work experience within a relevant workplace environment and have access to leadership activities or experiences, plus a recognised SSSC practitioner qualification such as an HNC Childhood Practice (see page 68), or a relevant SCQF level 7 qualification, for example: Social Services: Children and Young People; Children's Care Learning and Development/ Playwork; or equivalent. For applicants without sufficient credits, modules are available to help you reach the required level</p> <p>Alternatively, relevant professional qualifications, recognised by SSSC, plus appropriate experience, or a relevant Scottish Wider Access Programme (SWAP), will be considered on an individual basis: see website for details</p>	
<b>Year 2 BA</b>		
<b>Year 3 BA (Hons)</b>		

You must attend a face-to-face or telephone interview to discuss the course and the method of teaching in detail. This course is delivered through online learning so you can study when and where it suits you in Scotland. You will also be required to attend a face-to-face or online induction at the start of your course

Study method	UHI campuses	Features
<ul style="list-style-type: none"> <li>+ Online study</li> </ul>	<ul style="list-style-type: none"> <li>+ Argyll</li> <li>+ Inverness</li> <li>+ Moray</li> <li>+ North Highland*</li> <li>+ Orkney</li> <li>+ Outer Hebrides*</li> <li>+ Perth</li> <li>+ Shetland</li> <li>+ West Highland*</li> </ul> <p>* See campus map page 153 for details</p>	<ul style="list-style-type: none"> <li>+ Delivered entirely online so you can study from anywhere in Scotland</li> <li>+ Offers flexible study routes based on previous qualifications and relevant workplace experience</li> <li>+ The course is designed to meet the Scottish subject benchmark statement, the Standard for Childhood Practice</li> <li>+ Modules focus on practical skills in the workplace so you can link your professional practice with theory, current policy, and legislation</li> </ul>

**Graduate Apprenticeship**

+ We also offer a Graduate Apprenticeship BA in Early Learning and Childcare, see page 68

# Childhood Practice

**HNC**

**Course code 173X**

If you enjoy interacting with children and you're driven to make a positive difference to their formative years, join this nationally recognised course, covering all aspects of working in a range of childcare settings. Learn to support children and young people with varying needs, studying subjects such as care, leadership, health, wellbeing, safeguarding, and support for play learning and development, as well as a sixty-day work placement. On successful completion you will be eligible to register with the Scottish Social Services Council (SSSC) at practitioner level. An approved route into year two of our BA (Hons) Child and Youth Studies (see page 66) or, after some work experience, our BA (Hons) Childhood Practice (see page 67).

**Entry requirements**

- Highers: CC, A levels: D; preferably including English, plus four National 5s, or equivalent, one of which should be English if you do not have a Higher or A level; NC Early Education and Childcare/Childhood Practice; or a Foundation Apprenticeship Social Services (Children and Young People). Experience in a relevant setting or similar work, either in a voluntary capacity or as an informal carer, is essential. PVG scheme membership is required to undertake this course: see website for details

**UHI campuses**

- Argyll
- Inverness
- Moray
- North Highland<sup>+</sup>

<sup>+</sup> See campus map page 153 for details

**Graduate Apprenticeship in Early Learning and Childcare**

We offer a BA Graduate Apprenticeship in Early Learning and Childcare (SCQF level 9) which is delivered across the Highlands and Islands, enabling apprentices to achieve a relevant degree while in employment and gain practitioner status within three years.

Completion of the programme enables registration as a Practitioner with the Scottish Social Services Council.

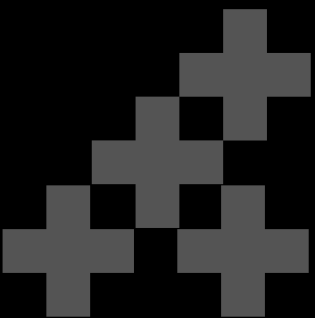

See [uhi.ac.uk/apprenticeships](http://uhi.ac.uk/apprenticeships) for more information.

Designing and **creating**

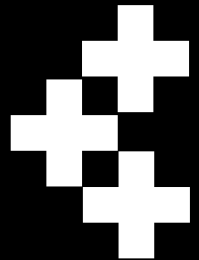

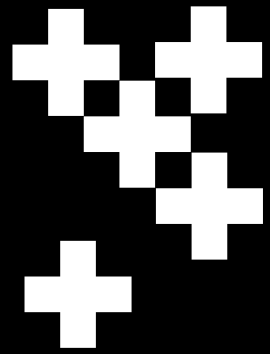

**Aircraft**, ships  
and cars

**Sustainability** and  
renewables

Without UHI I wouldn't have been able to gain my apprenticeship. It all started when I completed a college link engineering course here, while still at school. That led on to a national certificate and then all the way through to me graduating with a degree in Electrical and Electronic Engineering. I have so much to thank UHI for.

Liam Elder graduated from our BEng (Hons) Electrical and Electronic Engineering at UHI North Highland.

## Careers

Aircraft engineer

Architectural technologist

Construction and civil engineer

Design and maintenance in offshore and manufacturing industry

Electrical, electronics, mechanical and systems engineering

Energy, flood and river management

Engineering and asset manager

Instrument and process control engineer

Renewable energy engineer

Performance, quality and safety engineer

# Architectural Technology

Are you passionate about architecture and the technology that surrounds design in the built environment? Could you manage all stages of the technical design and planning process of building projects, across a range of private and public sectors?

Develop essential skills required within a modern architectural practice, including an excellent understanding of managing projects from conception through to completion. Gain experience via simulated design office practice, site visits, and regular project work, and cultivate vital skills such as building information modelling and technical design. Benefit from strong links with employer partners, the majority of which recruit from our course, expressing a high satisfaction with our graduates and consistently acknowledging their effective contributions to their practices from day one.

Structure and entry		Course code K130
<b>Year 1 HNC Architectural Technology</b>	Highers: CC; preferably in Maths, Physics, Graphic Communication, Design and Manufacture, Art and Design, or English  A levels: B in Graphic Communication  Alternatively, an NC in a construction-related subject, a Foundation Apprenticeship Civil Engineering, a Scottish Wider Access Programme (SWAP), or other qualifications or experience, will be considered: see website for details	
<b>Year 2 DipHE</b>	Advanced entry may be possible with an HNC Architectural Technology or Built Environment (see page 82), with a B or above in the Graded Unit	
<b>Year 3 BSc</b>	Advanced entry may be possible with an HND Architectural Technology or Computer Aided Architectural Design and Technology, or equivalent	
<b>Year 4 BSc (Hons)</b>		

Years three and four may be studied online from your own home, supported by two evening workshops per week: see website for details

# Electrical and Electronic Engineering

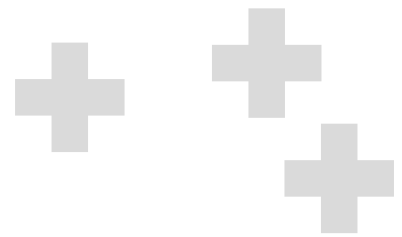

Are you practical and pragmatic? Do you love to find innovative new ways to solve problems and turn your concepts into reality? Put your superpowers to good use via our highly industry-relevant course, and gain the skills you need to join this expansive and thriving field.

Pursue a fascinating and rewarding career designing and developing complex electrical systems and electronic components and products, with roles on every scale, from electrical super-grids to nanoscale bioelectronics, and opportunities in a vast array of industries, from aerospace and gaming, to the National Health Service and construction. Acquire in-depth knowledge using specialist software, laboratory investigations, and case studies. Explore and develop innovative solutions to multiple challenges, ranging from solving the global energy crisis to designing life-saving equipment, and unlock your potential on this practical, involved, multi-disciplinary programme, with regular guest lectures and an industry mentoring scheme that is open to all students. Let us help you realise your vision as an engineer of the future.

Structure and entry		Course code H601
Year 1	Year 1 of this course is a relevant HNC, such as HNC Engineering Systems, HNC Electrical Engineering or HNC Electronic Engineering, with a pass in Engineering Mathematics 2. Applicants who do not hold an HND qualification, or equivalent, may wish to consider our HNC/HND Engineering Systems (see page 82)	
Year 2		
Year 3 BEng	Advanced entry may be possible with a relevant HND such as HND Engineering Systems (see page 82), or HND Electronic Engineering	
Year 4 BEng (Hons)	Advanced entry may be possible with the BEng Electrical and Electronic Engineering, BEng Electrical and Mechanical Engineering, or other equivalent ordinary degree	

Please check our website for further details about this course

Study method	UHI campuses	Features

# Electrical and Mechanical Engineering

Do you value attention to detail? Are you a natural problem-solver, instinctively combining your creativity and logic to find innovative approaches to challenges? Open yourself up to a stimulating career in the field of electrical and mechanical engineering.

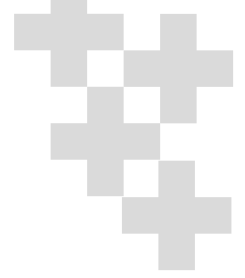

Join our experienced and enthusiastic course team and acquire advanced knowledge and competence in engineering and technology, including mechanical, electrical, electronic, and management skills, in preparation for this limitless field of work. Gain industry experience via regular guest lectures and a mentoring scheme that is open to all students. Develop in-depth knowledge of skills, materials, and expertise that are invaluable to innovation and invention, and create a practical foundation that will serve you for a lifetime. With opportunities to undertake 12-month industrial placements between your third and fourth years, immerse yourself in this influential environment and become part of the solution to the challenges we face as a society.

# Energy Engineering

Are you resourceful and innovative, with an interest in the environment? Do you want to influence the way the world sources energy for future generations?

Get the momentum going on your career and join our team of experienced lecturers, exploring conventional energy systems as well as renewable energy technologies. Take time to explore engineering on a course that creates opportunity rather than restricting it, and select from themed option modules such as industry 4.0, energy, and the environment, drawing on experience and content from across UHI. Get stuck into a comprehensive project to showcase your skills and knowledge in solving industry-related problems for prospective employers, and develop a comprehensive knowledge and skills base while studying emerging technologies, ensuring you will be highly employable after graduation. The big challenges we face as a society require fresh perspectives, communication, and teamwork. With incredible opportunities across a myriad of organisations, put yourself at the forefront of this vital sector and find the solutions to questions that are being asked worldwide.

# Mechanical Engineering

Are you fascinated by the way things work? Do you enjoy getting to grips with moving parts and understanding how each component impacts the overall function?

Take your curiosity up a gear and let us help you unlock your potential to make things do more. Build your multidisciplinary knowledge and develop a mindset that's adaptive and capable of systems thinking, making you a capable engineer in a countless range of fields, including aerospace, automotive, energy, construction, medical, sports, and transport. Join this applications-based programme, using industry-related software, laboratory-based investigations, and industry-based case studies to provide you with the specialist mechanical knowledge and broad engineering education to turn your qualification into a lifelong career. Get your hands dirty and gain valuable insight from practical experience. Showcase your accumulated skills and knowledge to prospective employers in your final year, with an industry relevant or research aligned capstone project that fits your interests. Learn how powerful engineering can be and set yourself up to be part of the solution to the challenges we face as a society.

# Aircraft Maintenance Engineering and Management

Get your aviation career off the ground with this unique course, the only one of its kind in Scotland, designed to shape you into a graduate-calibre aircraft maintenance engineer.

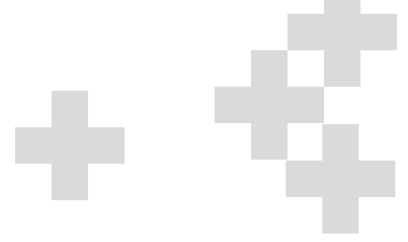

Base yourself at UHI Perth, boasting world-class facilities including hangar spaces for practical activities that simulate an active commercial EASA/UKCAA Part 145 maintenance environment. Develop hand and maintenance skills alongside essential academic knowledge, gain insight into management roles, and complete a capstone project in your final year to showcase the many skills you've acquired. Benefit from local and worldwide industry links, while fulfilling EASA syllabus requirements and UKCAA Category B1.1 aircraft maintenance licence syllabus (EASA Part-66). Delivered in conjunction with AST, the longest established aviation maintenance training organisation of its type in the world, graduate with a degree plus the opportunity to obtain an Approved EASA and/or UKCAA Part-66 Certificate of Recognition.

Structure and entry		Course code H410
Year 1 CertHE	<p>Highers: BCC; one of these must be Maths; you must have grade B or above in either Maths, Physics, or Engineering Science, plus National 5 Physics at grade B and English at grade C</p> <p>A levels: CC; one of these must be Maths; plus GCSE Physics at grade B/5 and GCSE English at grade C/4</p> <p>Alternatively, Foundation Apprenticeship Engineering or NC level 6 in an engineering discipline, plus National 5 Physics at grade B and National 5 English at grade C; other qualifications or experience will be considered on an individual basis: see website for details</p>	
Year 2 DipHE		
Year 3 BEng	Advanced entry may be possible with an EASA Part-66 category B approved course or a full category B Licence: see website for details	
Year 4 BEng (Hons)		

An optional professional training package is offered in the third year of the course

Study method	UHI campuses	Features
<ul style="list-style-type: none"> <li>+ Face-to-face lectures and tutorials</li> <li>+ Laboratory and simulation exercises</li> <li>+ Practical workshops</li> <li>+ Field trips</li> <li>+ Online study</li> </ul>	<ul style="list-style-type: none"> <li>+ Perth</li> </ul>	<ul style="list-style-type: none"> <li>+ Taught by staff with a wealth of industry experience and knowledge</li> <li>+ World class facilities include hangar spaces for practical activities that simulate an active commercial maintenance environment</li> <li>+ Benefit from close links with the global aviation industry</li> <li>+ Benefit from AST RAeS (Royal Aeronautical Society) corporate membership</li> </ul>

# Aircraft Engineering

Do you dream of an exhilarating career designing aircraft and propulsion systems and studying the aerodynamic performance of aircraft and construction materials? Fantastic opportunities and an excellent salary await you in this high demand, highly scientific field.

Learn to analyse complex aircraft engineering situations and solve aeronautical engineering problems, becoming equipped with in-depth engineering knowledge across a broad range of modern aeronautical technologies. Get an excellent grounding in the fundamentals in your first two years, then choose areas of specific interest to you in years three and four, with subjects including renewable energy, sustainability, and aviation crisis management. Actively engage with industry via an optional work-placement and expand your horizon to limitless opportunities, from management, design, and performance, to propulsion, operation, safety, and sales, on this amazing course that is IEng accredited with the Royal Aeronautical Society.

Structure and entry		Course code H414
Year 1	Applicants who do not hold an HND qualification, or equivalent may wish to consider our HNC/HND Aircraft Engineering (see page 82)	
Year 2		
Year 3 BEng	Advanced entry may be possible with the HND Aircraft Engineering (see page 82) with a grade B in the Graded Unit 2, or other relevant engineering HND/DipHE award in another engineering discipline. Those working in the aircraft maintenance industry, with a minimum of two years' experience as a certifying Licenced Aircraft Engineer, may also be considered	
Year 4 BEng (Hons)	Advanced entry may be possible with a relevant engineering BEng/BSc	

Please check our website for further details about this course

# Aircraft Engineering

HNC

014H

HND

114H

Join our comprehensive engineering technician-level courses to progress into this exciting field. Study all elements of aircraft including aerodynamics, propulsion systems, structures and materials, gas turbine engines, avionics and electrical systems, hydraulic and pneumatic systems. Contains similar content to the EASA syllabus for certifying aircraft mechanics within the aviation operations industry, with the facility to take EASA examinations on-site at UHI Perth. Approved access routes to year three of our BEng (Hons) Aircraft Engineering (see page 81).

## Entry requirements

- Entry to year one (HNC)
- Highers: C; A levels: C; in Maths, Physics, or Engineering Science, plus English National 5 pass or GCSE English language at grade 4 or above; applicants with only one of Maths or Physics/Engineering Science at Higher/A level require the other subject at Nat 5/GCSE grade 4 or equivalent. Alternatively: NC/NQ Engineering at SCQF level 6; a Foundation Apprenticeship Engineering; or equivalent: see website for more details

## UHI campuses

- Perth

# Architectural Technology

HNC

Course code 732K

Access degree study of the built environment via this engaging technical programme. Study in the same culture and environment as our Architectural Technology degree students, become immersed in practical design studio work, and build a strong portfolio, with projects tailored to develop and showcase your acquired skills. An approved route to year two of our BSc (Hons) Architectural Technology (see page 74).

## Entry requirements

- Highers: CC; preferably in Maths, Physics, Graphic Communication, Design and Manufacture, Art and Design, Geography, or English; A Levels: B; in Graphic Communications. Alternatively, an NC in a construction-related subject such as NC Civil Engineering or NC Built Environment, or a Foundation Apprenticeship Civil Engineering

## UHI campuses

- Inverness

# Civil Engineering

HNC

Course code 102H

Enter the expansive industry of construction as a civil engineering technician, with this ICE approved programme. Cover subjects such as CAD 2D1, civil engineering, specialisms, mathematics for construction, construction site surveying, and structural mechanics. Utilise excellent lab equipment including structural analysis, geotechnical labs, and materials testing. This course can also form part of a Modern Apprenticeship, offering the flexibility to combine study and work.

## Entry requirements

- Highers: C; A levels: D; in Maths. Alternatively, NC Civil Engineering or a Foundation Apprenticeship Civil Engineering

## UHI campuses

- Inverness

# Construction Management

HNC

Course code 252K

Join the construction industry at a supervisory level, developing your responsibilities and skills on these accommodating courses, to obtain positions such as trainee construction manager, construction planner, or site-based management assistant. Cover related subjects such as estimating, Scottish law, planning, human resource management, and health and safety. Benefit from excellent links with employers, and enjoy the experience of working on live projects and placements, site visits, and case studies, with opportunities to earn while you learn.

## Entry requirements

Entry to year one (HNC)

- Highers: C; preferably Maths, Graphic Communication, or a science subject; A levels: D; preferably Maths, Physics, or Graphical Communication. Alternatively, an NC, NQ, Advanced Certificate, or SVQ, in a construction-related subject, or a Foundation Apprenticeship Civil Engineering. You may be required to attend an interview

## UHI campuses

- Argyll
- Moray
- North Highland\*
- Perth
- Shetland
- West Highland\*

# Engineering Systems

HNC

356H

HND

056H

Expand your knowledge and skills as you gain the required technical training to be a technician in design, research, development, and service support roles in engineering, manufacturing, and consultancy. Study both mechanical and electrical engineering principles, as well as project management, business awareness, and an engineering project at HND level, with a strong focus on elevating your skills to enable immediate access to employment. These courses are approved routes into the second and third year of our engineering degrees: see website for details.

## Entry requirements

Entry to year one (HNC)

- Highers: C; A levels: D; in Maths or Physics; a relevant NC/ NQ Engineering; a Foundation Apprenticeship Engineering; or an SVQ 3 Electrotechnical Services. You may be required to attend an interview

## UHI campuses

- Argyll (HNC)
- Inverness (HNC)\*
- Moray (HNC)
- North Highland\* (HNC/HND)
- Orkney (HNC)
- Outer Hebrides\* (HNC/HND)
- Perth (HNC/HND)

\* If you are based in Inverness, and want to study full-time, please apply to our HNC Engineering (Systems pathway): see website for details

\* See campus map page 153 for details

# Merchant Navy Cadet Programme

Do you have a passion for sailing and adventure? Are you resilient and practical, with an excellent attitude to teamwork? Put your combination of skills to excellent use, serving as an officer on seagoing ships in the Merchant Navy. Join our officer cadet training programme for a direct route into this extraordinary career path, combining on-campus study in Shetland with periods working and learning at sea on board merchant ships. Qualify to serve as an officer of the watch on board a merchant ship anywhere in the world and gain a Certificate of Competency issued by the MCA, as well as an HNC in either Nautical Science or Marine Engineering (see details below). Visit <https://www.shetland.uhi.ac.uk/study-with-us/cadet-programme/> for more information.

## Entry requirements

- The programme, which usually runs over three years, offers two pathways which can lead to a career as either an engineer officer or a deck (or navigation) officer. As an officer cadet, you will be sponsored by a shipping company, ship management company, or by another organisation on their behalf, who will provide the sea service and at-sea training required to complete the programme. Your course fees and other training-related expenses will be paid by your sponsor and you will receive an allowance throughout your period of training

## UHI campuses

- Shetland

# Marine Engineering / Nautical Science

**HNC**

Course code 206J / 006J

Have you trained as an engineering officer or deck officer? Are you ready to take your experience to the next level?

Train for the merchant navy with these HNC courses, which each form part of the Merchant Navy Officer Cadet Programme. As an officer cadet, receive sponsorship throughout your training, learning through a combination of university-based study and service at sea on merchant ships. Undertake further sea service and training to progress to higher ranks in the merchant navy, or take advantage of the many other opportunities for employment ashore, in a range of maritime-related industries. Alternatively, study these HNCs as one-year, stand-alone courses for which there are no requirements to spend time at sea: see website for details.

## Entry requirements

- Four National 5s at grade C or above, or GCSE passes, including English, Maths, and a science-based subject; or other relevant qualifications or experience will be considered on an individual basis. You will be required to complete a medical and fitness test: see website for further entry prerequisites

## UHI campuses

- Shetland

## Graduate Apprenticeship in Civil Engineering

**BEng (Hons)**

Course code **H210**

Are you a problem-solver? Could you design and construct infrastructure that will meet the needs of today without compromising the needs of the future?

Take your talents up a gear by joining our Graduate Apprenticeship BEng (Hons) Civil Engineering, based on industry-defined requirements and developed in collaboration with employers, the education sector, and industrial professional bodies.

Position yourself to address the technical, social, environmental, and economic challenges facing society, such as the climate emergency, automation and digitisation of the construction industry, urbanisation, and the demands of a growing population.

Let us guide you as you develop the knowledge, understanding, skills and competence that this highly skilled, exciting industry requires. Earn while you learn, gaining qualifications whilst in employment, and finish your training ready to progress in your role and add value to your workplace.

### Entry requirements

#### Entry to year one

- Highers: BBC; A levels: BC; including Maths or one other STEM subject. Alternatively, an NC Civil Engineering or a Foundation Apprenticeship Civil Engineering. You must be in full time employment as a trainee Civil Engineer or Civil Engineer Technician and have the approval of your employer prior to application

#### Advanced entry to year two

- Successful completion of Modern Apprenticeship (HNC) Civil Engineering or HNC Civil Engineering (plus equivalent work experience)

#### Advanced entry to year three

- Successful completion of DipHE or HND Civil Engineering (plus 2 years equivalent industry experience)

#### Advanced entry to year four

- Successful completion of BEng Civil Engineering (plus 3 years equivalent industry experience)

### UHI campuses

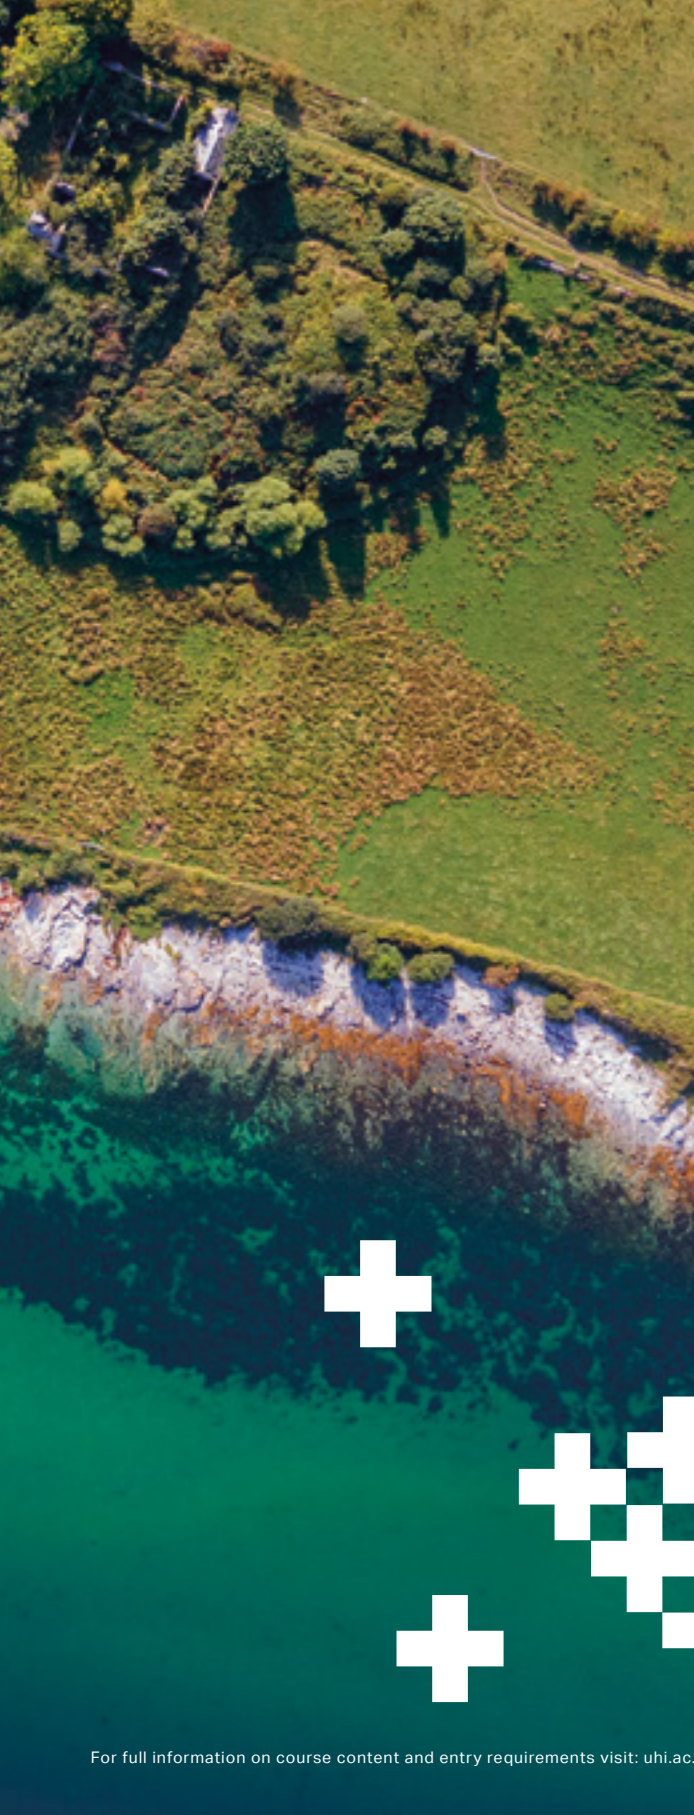

- Inverness

Foghlam agus ionnsachadh

This course combines two of my favourite things - creativity and my love of Gaelic and it puts me exactly where I want to be. I've really enjoyed the placements, working with the BBC at The National Mòd and being able to speak to people about opportunities after I complete my course.

Living on Skye is so beautiful. The campus is beside the sea, and I swim at different beaches and go on beautiful walks. My aim is to work in Gaelic Media TV.

Raonaid Urchadan is studying on our Gaelic Media DipHE at Sabhal Mòr Ostaig, a partner of UHI.

Tha an cùrsa seo a' measgachadh dhà de na rudan as fheàrr leam – cruthachalachd le mo ghaol air a' Ghàidhlig agus tha e gam chur dìreach far a bheil mi ag iarraidh a bhith. Chòrd na greisean gnìomhachais rium gu mòr, ag obair leis a' BhBC aig a' Mhòd Nàiseanta agus a bhith comasach air bruidhinn ri daoine mu chothroman às deidh dhomh mo chùrsa a chrìochnachadh.

Tha a bhith a' fuireach san Eilean Sgitheanach cho breagha. Tha an àrainn ri taobh na mara, agus bidh mi a' snàmh aig diofar thràighean agus a' dol air cuairtean brèagha. 'S e an t-amas a th' agam a bhith ag obair ann an TBh nam Meadhanan Gàidhlig.

Tha Raonaid Urchadain ag ionnsachadh air na Meadhanan Gàidhlig DipHE againn aig Sabhal Mòr Ostaig, com-pàirtiche de UHI.

# Gaelic and Education

Can you educate and inspire new generations with your love of Gaelic? Join this immersive Gaelic medium course and begin your journey into teaching Gaelic at primary or secondary level.

Fluent already? Gain a thorough and practical knowledge and understanding of the Gaelic language in your first year, whilst developing your educational knowledge and skills. Still learning? Immerse yourself in an intensive Gaelic environment and gain fluency in Scottish Gaelic by the end of the first year, with continuing language enhancement throughout the programme.

Prepare for life as a reflective, engaged professional, supporting high-quality learning for the children you teach, via 30 weeks of school experience, and a series of professional practice seminars. Eligibility for a place on the GTCS Teacher Induction Scheme is available on successful completion of the course.

## Structure and entry

Course code XQ10

### Year 1 CertHE

(for options depending on your Gaelic language skills, see page 102)

Highers: BBC

A levels: BC

Preferably including Gaelic (learners) or Gàidhlig (fluent speakers) at grade B or above. You are also required, by the end of year 2, to have Higher or A level English at grade C or above, Mathematics at National 5, Standard grade Credit, Intermediate 2 or GCSE at grade C

Alternatively, completion of our An Cùrsa Inntigridh (Access to Gaelic course), or other qualifications or experience, will be considered: see website for details

### Year 2 DipHE

### Year 3 BA

### Year 4 BA (Hons)

You must attend an interview to assess your Gaelic language skills and in accordance with guidelines for admission to Initial Teacher Education in Scotland. There are subject specific entry guidelines for secondary teaching stipulated by GTC Scotland. PVG scheme membership is also required. See website for details of these requirements

## Study method

- + Face-to-face lectures
- + Practical language classes
- + Online study
- + School experience

## UHI campuses

- + Outer Hebrides<sup>+</sup>
- + Sabhal Mòr Ostaig
- + See campus map page 153 for details

## Features

- + Delivered and assessed through the medium of Scottish Gaelic
- + Gain an honours award and teaching qualification in four years
- + Become fluent in Gaelic by the end of your first year, with continuing language enhancement throughout
- + Provides you with specialist skills and bilingual teaching and learning methods

# Gàidhlig agus Foghlam

A bheil thu airson a bhith a' teagasg agus a' brosnachadh ghinealaichean ùra a bhith mar phàirt de choimhearsnachd na Gàidhlig? Air a' chùrsa, gheibh thu bogadh sa chànan agus fìor bhunait airson Gàidhlig a theagasg sa bhun-sgoil no san àrd-sgoil.

Ma tha thu fileanta sa chànan mar-thà, gheibh thu cothrom air leth a dhol an sàs gu practaigeach sa chànan agus nì thu leasachadh air eòlas agus sgilean teagaisg aig gach ìre. Ma tha thu fhathast ag ionnsachadh Gàidhlig, thèid do bhogadh ann an àrainneachd bhrosnachail a bheir cothrom dhut a bhith fileanta sa chànan aig deireadh Bliadhna 1. Cuiridh tu ri d' eòlas aig gach ìre den phrògram.

Le 30 seachdainean de ghreisean-sgoile an lùib a' chùrsa, nì thu ullachadh airson a bhith nad neach-teagaisg meòrachail, a bheir buaidh dheimhinne air ionnsachadh agus beatha nan sgoilearan. Bidh bliadhna phròbhaidh ann an sgoil (GTCS) a' feitheamh air oileanaich a bhios soirbheachail air a' chùrsa.

# Gaelic and Traditional Music

Immerse yourself in a vibrant musical environment as a traditional singer or instrumentalist, and prepare yourself for a dynamic career as a Gaelic musician, with opportunities across a variety of sectors.

Benefit from the strong practical elements of this course, learning from leading musicians, with frequent opportunities to perform and record both on campus and further afield. Base yourself in the heart of a Gaelic-speaking community, at our Sabhal Mòr Ostaig campus on the beautiful Isle of Skye, as you gain an outstanding education in Gaelic musical heritage within the broader context of Gaelic and related studies. Develop a range of practical skills for solo and group performances, make important professional contacts, experience hands-on learning in our outstanding dedicated recording studio, and enjoy the incredible opportunity of studying abroad for a semester, in Canada or Ireland, in your final year.

Structure and entry		Course code QW53
<b>Year 1 CertHE</b> (for options depending on your Gaelic language skills, see page 102)	Highers: BBC A levels: BC  Preferably including Gaelic (learners) or Gàidhlig (fluent speakers) at grade B or above  Alternatively, the satisfactory completion of our An Cùrsa Inntigidh (Access to Gaelic course), or other qualifications or experience, will be considered: see website for details

# Gaelic and Related Studies

Establish an excellent foundation in Gaelic language and set yourself on the path to a future in Gaelic teaching, music, media, or language development, with this carefully planned, supportive course.

Study online or join face-to-face classes at the stunning island locations of Lewis or Skye. Immerse yourself in language foundation for your first year, at either beginner, intermediate, or advanced level, then study subjects such as modern short story, poetry since 1900, Gaelic scholars and voyagers, and more, while continuing to improve your Gaelic language ability. Learn from tutors who are experts in their subject areas and exit with the skills you need to pursue your new career or progress into our Gaelic degrees: BA (Hons) Gaelic and Education, or BA (Hons) Gaelic and Traditional Music.

Structure and entry		Course code Q506
<b>Year 1 CertHE</b> (for options depending on your Gaelic language skills, see page 102)	Highers: BBC A levels: BC Preferably including Gaelic (learners) or Gàidhlig (fluent speakers) at grade B or above

# An Cùrsa Adhartais

CertHE

Còd a' chùrsa Q501

Leasaich do mhisneachd agus do sgilean anns gach taobh de chonaltradh Gàidhlig, agus leasaich na cothroman obrach agad ann an roinn na Gàidhlig. Cleachd dòighean ionnsachaidh cànan ùr-ghnàthach, agus faigh tlachd às a' chothrom a dhol gu Sgoil Deireadh-seachdain roghainneil gus coinneachadh agus Gàidhlig a bhruidhinn ri do cho-oileanaich. Fàg leis na sgilean a dh'fheumas tu airson do dhreuchd ùr a leantainn no a dhol air adhart gu aon de na cùrsaichean DipHE no BA (le Urram) againn: faic an làrach-lìn airson mion-fhiosrachadh.

## Riathanasan: Teisteanasan Àrd-Ìre

- Teisteanasan Àrd-Ìre: CC; Ìrean A: C; nam measg Gàidhlig aig ìre B no nas àirde. Airson riathanasan inntigridh eile: faic an làrach-lìn

## Àrainnean UHI

- Faodaidh tu an cùrsa seo a sgrùdadh pàirt-ùine aig Sabhal Mòr Ostaig
- Air-loidhne

# An Cùrsa Comais

CertHE

Còd a' chùrsa Q532

Gabh pàirt sa chùrsa dian, eadar-obrachail seo mar neach-ionnsachaidh aig ìre eadar-mheadhanach, agus faigh fileantachd sa Ghàidhlig. Tòisich le bhith ag amas air sgilean cànan, an dà chuid labhairteach agus sgrìobhte, agus an uair sin rannsaich cuspairean eile leithid seinn is òrain Ghàidhlig, litreachas, coimpiutaireachd, agus na meadhanan. Dèan sgrùdadh aig cridhe choimhearsnachdan beòthail, Gàidhlig ann an eileanan àlainn an Eilein Sgitheanaich no Leòdhais, agus fàg leis na sgilean a dh'fheumas tu airson dreuchd a leantainn ann an teagasg no na meadhanan, no a dhol air adhart gu aon de na cùrsaichean Gàidhlig DipHE no BA (le Urram) againn: faic an làrach-lìn airson mion-fhiosrachadh.

## Riathanasan: Teisteanasan Àrd-Ìre

- Teisteanasan Àrd-Ìre: BBC; Ìre A: BC; nam measg Gàidhlig (luchd-ionnsachaidh) no Gàidhlig (fileantaich) aig ìre B no nas àirde. Airson riathanasan inntigridh eile: faic an làrach-lìn

## Àrainnean UHI

- Faodaidh tu an cùrsa seo a sgrùdadh làn-ùine aig UHI Innse Gall† agus Sabhal Mòr Ostaig. Thoiribh an aire: chan eil an cùrsa seo a' gabhail ri tagraidhean airson inntigeadh air a chur air dàil; ma tha sibh airson bliadhna a ghabhail a-mach, mar eisimpleir, feumaidh sibh tagradh às ùr a dhèanamh an ath bhliadhna

# Gàidhlig agus Conaltradh

CertHE

Còd a' chùrsa QP59

A bheil thu fileanta sa Ghàidhlig? Dèan sgrùdadh air a' Ghàidhlig gu ìre eòlach air a' chùrsa dhian seo, suidhichte ann an àrainneachdan eireachdail, bogaidh, far a bheil Gàidhlig ga bruidhinn. Dèan sgrùdadh air leasachadh na Gàidhlig, litreachas, sgrìobhadh cruthachail (sgeulachd ghoirid agus òran), agus bruidhinn poblach, faigh tlachd bho ghreis-gnìomhachais trì seachdainean ann an àrainneachd Ghàidhlig, agus faigh tuigse mhionaideach air a' Ghàidhlig. Cuir crìoch air d' ionnsachadh le comas air labhairt, leughadh, agus sgrìobhadh ann an Gàidhlig le làn mhisneachd, gus dreuchd ùr inntinneach a leantainn no a dhol air adhart gu aon de na cùrsaichean DipHE no BA (le Urram) againn: faic an làrach-lìn airson mion-fhiosrachadh.

## Riathanasan: Teisteanasan Àrd-Ìre

- Teisteanasan Àrd-Ìre: BBC; Ìrean A: BC; nam measg Gàidhlig (luchd-ionnsachaidh) no Gàidhlig (fileantaich) aig ìre B no nas àirde. Airson riathanasan inntigridh eile: faic an làrach-lìn

## Àrainnean UHI

- Faodaidh tu an cùrsa seo a sgrùdadh làn-ùine agus pàirt-ùine aig UHI Innse Gall†, agus pàirt-ùine a-mhàin aig Sabhal Mòr Ostaig

Nursing is what I've always wanted to do and knowing the fantastic reputation that UHI has for delivering an exceptional nursing programme, I was never in any doubt that I'd stay local and study here.

The huge variety of placements in different clinical environments, have provided some unique learning opportunities and I've been able to work alongside specialist nurses, advanced nurse practitioners and consultants, which has helped me learn much more about their respective areas of expertise.

Darryl Geegan is studying on our BSc Nursing at UHI's Centre for Health Science, Inverness.

**Psychologist**

Public and private health and charity sector

**Research and development**

# Nursing (Adult or Mental Health)

Are you compassionate and resilient? Can you provide the quality of care and empathy that will make a real difference to people's healthcare experiences?

Nurses are the backbone of our healthcare system, supporting recovery and focusing on patient care to underpin physical healing. Join an innovative programme that combines the best of teaching, technology, simulation, and practical experience to prepare you for this challenging and highly rewarding field. Gain vital knowledge and experience of nursing care in a wide range of contexts, including placement opportunities in hospital and community settings across the NHS Highland and NHS Western Isles areas, while developing critical reading, appreciation and analysis, numeracy, literacy, and communication skills. Bring your fresh perspective, lived experience, commitment, and enthusiasm to this valuable role and be part of an exceptional workforce that changes lives every single day.

## Structure and entry

Course code **B740 Adult Nursing** • **B760 Mental Health Nursing**

### Year 1 CertHE

Highers: BBC; plus National 5 English, and Mathematics, Applications of Mathematics, or Lifeskills Mathematics at grade C or above, or equivalent

A levels: BC; plus GCSE English Literature or Language, and Mathematics, at grade 4 or above, or equivalent

Additional desired requirements: Human Biology, Biology, or a science-related subject: National 5 at grade C or above; or GCSE at grade 4 or above, or equivalent: see website for details

Alternatively, a Foundation Apprenticeship Social Services and Healthcare plus one Higher at grade B; SVQ 3 in a care-related subject plus two Highers at grade C or above; Access to Nursing with a pass and a BBC in the profile; HNC in a health-related subject plus National 5 English and Maths at grade C or above; or equivalent, or a relevant Scottish Wider Access Programme (SWAP): see website for details

### Year 2 DipHE

### Year 3 BSc

You must attend an interview. Occupational Health clearance and PVG scheme membership is required to undertake this course: see website for details

## Study method

- + Lectures, seminars, and small group work
- + Clinical skills
- + Simulation lab
- + Work placements
- + Online study

## UHI campuses

### Department of Nursing and Midwifery:

- + Inverness
- + Stornoway

## Features

- + Programme consists of 50% theory and 50% clinical practice
- + Gain entry to the Nursing and Midwifery Council register as a nurse
- + Experience nursing practice in a diverse range of contexts, including island, urban, remote, and rural settings
- + Dynamic career opportunities within Scotland, the UK, and beyond

# Health and Social Studies

Are you naturally curious about the relationship between health and society? Do you see yourself having a compassionate and invested role in the future of healthcare in our communities?

Cultivate your curiosity on this flexible, supportive course, focusing on topical health issues including sociology, psychology, public health, rural issues, ethics, and the integration of health and social care. Discover what it means to be healthy and the many factors that influence health and wellbeing. Build a progressive catalogue of knowledge year on year, taking an in-depth look at health promotion, public health, ethics, partnership working and collaboration, and skills in research. Choose from a diverse range of modules in areas of health that particularly interest you, from child and adolescent mental health, disability, and informatics, to psychopathology, alcohol and drug studies, legislation and childhood, and consumerism. Pursue a career in any number of fields such as education, mental health, community development, and naturopathy, and make a difference to the wellbeing of our society.

<b>Year 4 BA (Hons)</b>	

## Study method

- + This course is delivered through online learning so you can study when and where it suits you in the UK
- + There is a two-day face-to-face induction at your enrolling campus at the start of your course

## UHI campuses

You will apply to, and be supported by either:

- + Argyll
- + Inverness
- + Moray
- + North Highland\*
- + Orkney
- + Outer Hebrides\*
- + Perth
- + Shetland
- + West Highland\*

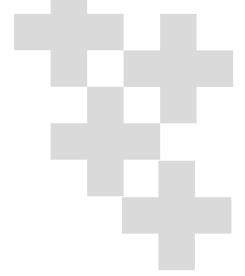

\* See campus map page 153 for details

## Features

- + Fully online and can be studied from anywhere in the UK
- + The online environment offers an interesting and diverse learning community where personal study can be shared collaboratively
- + Choose modules in areas of health of particular interest to you
- + Develop an excellent range of graduate skills desired by employers

\*subject to revalidation: see website for up-to-date details

# Integrative Healthcare

Are you interested in exploring holistic approaches to get to the root of illnesses? Do you recognise the benefit of combining traditional healthcare approaches with less conventional, healing-focused remedies such as complementary therapies?

Join the only course of its kind in Scotland, developed in consultation with industry to closely reflect the changing requirements of the healthcare sector in the UK and abroad. Gain in-depth knowledge and experience of research, healthcare, and complementary therapies, develop your clinical skills and undertake treatments in evidence-based therapy clinics, and enhance your problem-solving, critical thinking, and analytical skills. Explore the diverse and complex perspectives of health, particularly social policy, ethics, the law, politics, physiology, and sociology, and acquire the understanding and competence needed to be successful in this emerging and extensive field.

# Optometry

There's no way to overstate it: vision is vital. Up to 80% of a sighted-person's perception is visual, with our eyes processing approximately 36,000 pieces of information per hour. Could you use your expertise to keep an eye on the health of our communities?

Focus your attention on this innovative, interactive degree and gain the diagnostic, clinical, and business skills needed to work to the highest standard in this challenging and satisfying field. Immerse yourself in a practical environment from the outset with a combination of placements alongside clinical skills training, spending 19 weeks in community practice and hospital eye clinics, including an extended placement in your final year. Develop in-depth theoretical knowledge and practical experience, plus essential skills such as critical thinking, problem-solving, and patient management from an early stage. With a growing population, and optometrists very much in-demand, train with us and set your sights on a rewarding and stimulating future.

Structure and entry		Course code 3510
<b>Year 1 CertHE</b>	Highers: ABBB A levels: BBB  The above must include two science subjects from the following: physics, biology or human biology, chemistry, or mathematics. English at Higher is preferred. For fuller details and other entry prerequisites see website for details  Alternatively, Scottish Wider Access Programmes (SWAP), a science based HNC with a B or above in the Graded Unit, or those with a recognised qualification in ophthalmic dispensing such as FBDO will be considered: see website for details	
<b>Year 2 DipHE</b>		
<b>Year 3 BSc</b>		
<b>Year 4 BSc (Hons)</b>		

You must attend an interview. Occupational Health clearance, PVG scheme membership, and registration as a student with the General Optical Council are also required to undertake this course: see website for details

Study method	UHI campuses	Features

- + Video-conference lectures and tutorials
- + Face-to-face practical clinical sessions
- + Face-to-face patient skills sessions
- + Tutorials
- + Online study

## UHI campuses

- + You will enrol at Inverness or Outer Hebrides<sup>+</sup>
- + Teaching sessions are run at the Centre for Health Science in Inverness, Dumfries Dental Centre, and Western Isles Dental Centre in Stornoway, Isle of Lewis. If you wish to study in Dumfries you should apply to Inverness
- + Location offered will depend on applicant numbers
- <sup>+</sup> See campus map page 153 for details

## Features

- + Delivered in state-of-the-art training units
- + Learn clinical skills and undertake treatments in supervised patient clinics
- + Taught by a professional team of clinical and academic staff
- + Clinical placements in dental clinics in the final year
- + On successful completion, register with the General Dental Council as a dental hygienist and dental therapist

# Psychology

Are you fascinated by the human mind and what leads people to behave the way that they do? Do you feel inspired to help people by using your knowledge and abilities to make a positive impact on their life?

Explore the human psyche and how it changes and develops throughout our lives, on this engaging and inquiring BPS-accredited programme. Let our passionate and enthusiastic team guide you in your professional knowledge and personal growth, as you develop critical analysis, evaluation, communication, and problem-solving skills, with subjects such as adolescence, personality, cognition, health, intelligence, neurodiversity, and more. Engage in fascinating explorations of topics with fellow students and staff at annual residential weeks and in regular online discussion groups, and enjoy stimulating seminars by leading research and applied psychologists. Continue in your studies to pursue a career as a psychologist, or utilise your skills in any number of sectors, from industry, commerce, sports, and health, to marketing, research, and human resource management. Study this engaging and meaningful course, and make a significant, life-changing contribution to society, today and in the future.

Where  
learning  
means  
more

# Healthcare Practice

HNC

Course code 115L

Get a great grounding in the key areas of healthcare practice and take your next steps in this incredible and vital field. Study safe working practices, therapeutic relationships, sociology, mental health, and more, using this course to move towards becoming an associate practitioner or as preparation for new registration requirements for health care support workers. Begin your career in a health-related profession or pursue pre-registration nurse education including adult nursing, mental health, learning disability, and children's nursing. An approved route into our BSc Nursing (see page 108) or year two of our BA (Hons) Health and Social Studies (see page 109).

## Entry requirements

- Highers: CC; A levels: C; preferably including English or a science-related subject. You will also require National 5 English and Maths, at grade C or above if not held at Higher or A level. Alternatively, an appropriate Group Award at level 6 such as NC Health and Social Care, with either 1 Higher at grade C or above or with profile grades at CCB; SWAP Access to Nursing; or a Foundation Apprenticeship Social Services and Healthcare. Occupational Health clearance and PVG scheme membership are also required to undertake this course

## UHI campuses

- Moray
- Perth

# Social Services

HNC

Course code 114L

Could you work with children, young people, and adults to provide them with additional personal and practical support? Enrol on this nationally recognised and valued award to pursue a career in a variety of social services settings, supporting individuals with their varying needs. Gain an understanding of the values and principles of social services and learn how to integrate those values with key skills and knowledge, studying subjects such as anti-discriminatory practice, leadership, communication, safeguarding, and care practice, as well as option modules including quality of life for those with dementia, mental health issues in a care setting, working with autism, collaborative working, and many more. Improve your career opportunities in this essential field, or progress into a degree in Social Work.

An approved route into:

- + BSc Nursing (pg 108)
- + BSc (Hons) Psychology (pg 113)
- + BA (Hons) Criminology (pg 132)
- + BA (Hons) Social Sciences (pg 130)
- + BA (Hons) Health and Social Studies (pg 109)

## Entry requirements

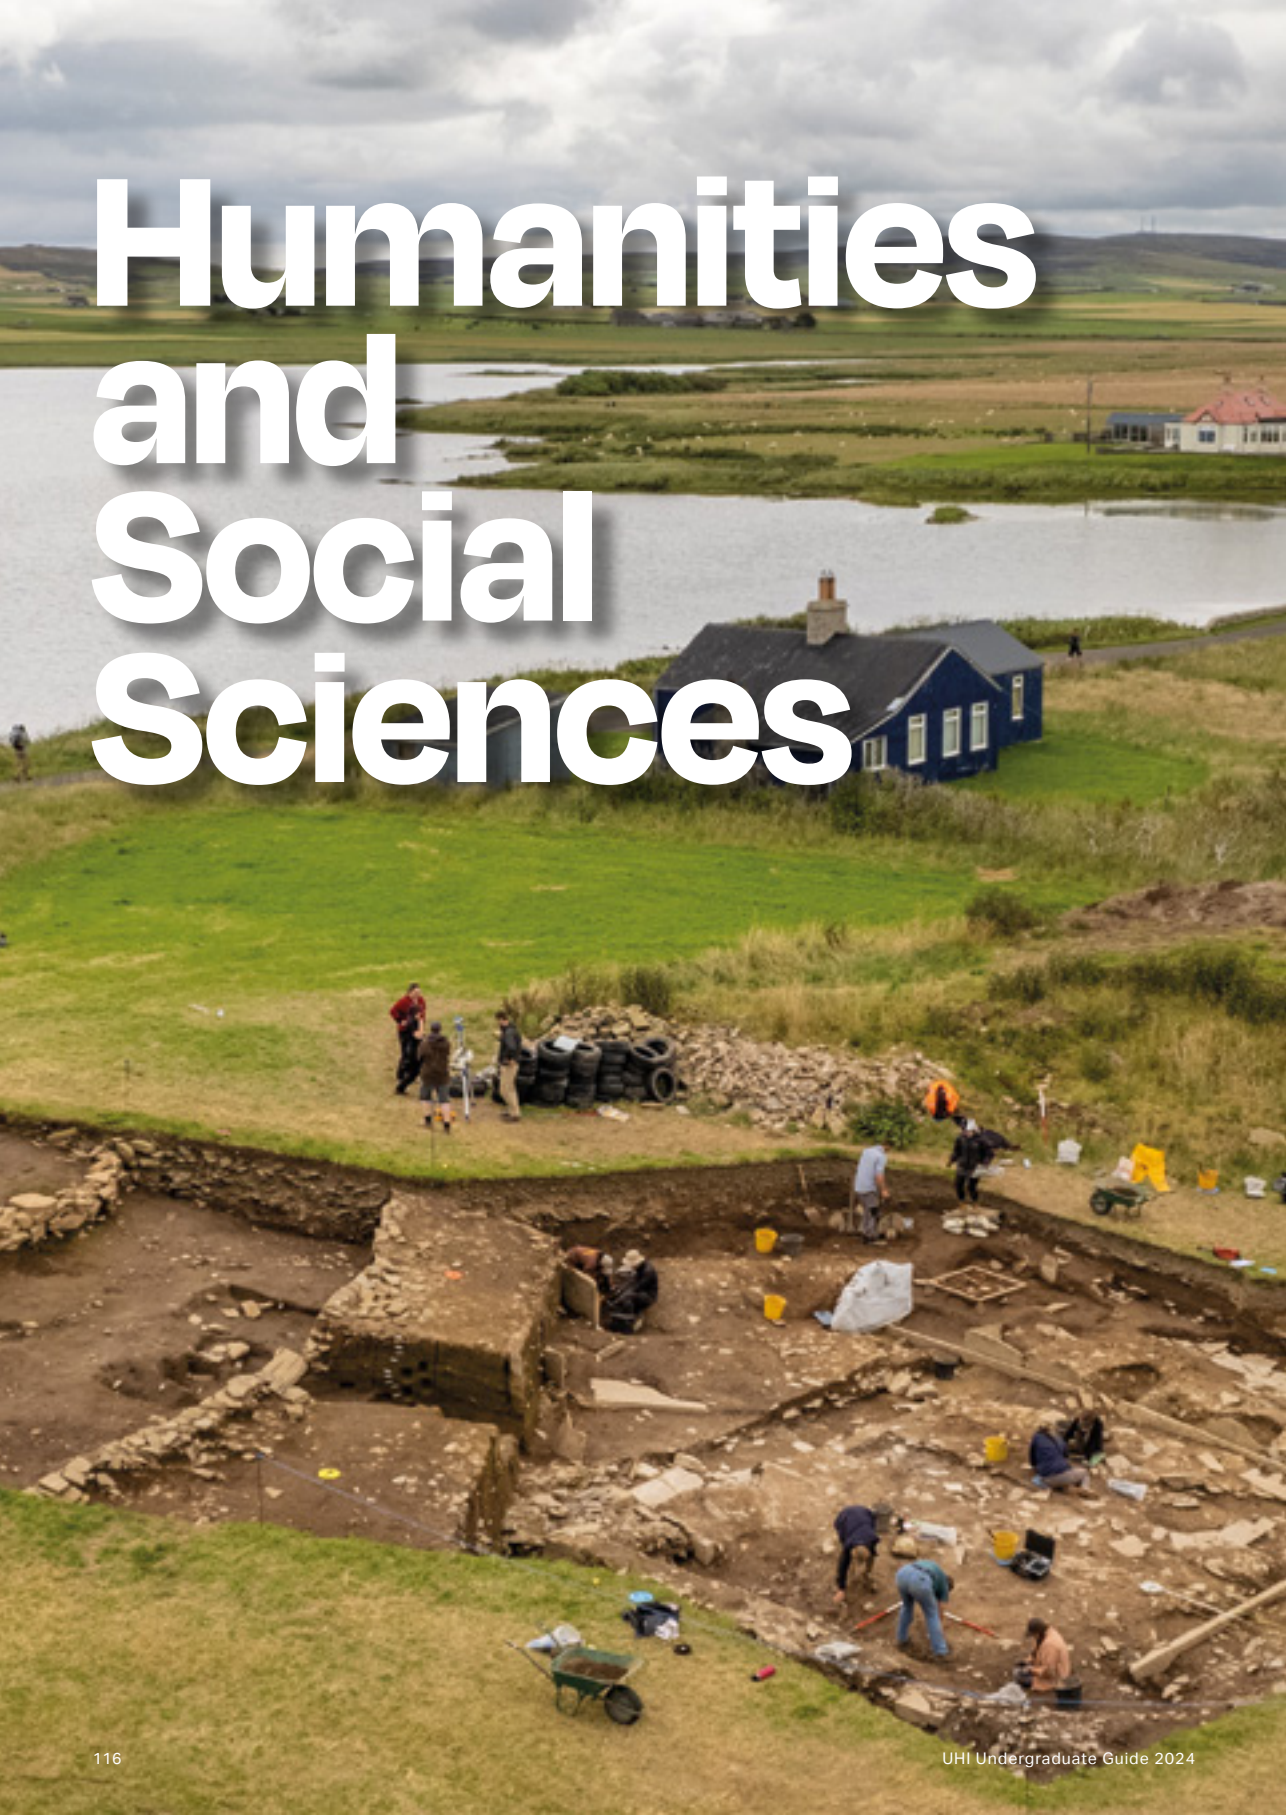

- Highers: CC; A levels: D; preferably including English. Alternatively, a relevant NQ or NC level 6 Award; or Foundation Apprenticeship Social Services and Healthcare. You should have experience in a social service setting or similar work, either in a voluntary capacity or as an informal carer. You may be required to attend an interview. PVG scheme membership is required to undertake this course

**Gaelic** language and culture

**Music  
and art**

Reading, **creative  
writing** and literature

I was still quite young when I finished school so although I did consider other universities, I decided to stay close to home.

During my final year I was awarded the Highland Society of London prize which is presented to the best undergraduate dissertation in the Humanities and Gaelic network across the Highlands and Islands. It was a huge honour to be given that prize and I'm grateful to my UHI mentor who supported me all the way.

My advice to potential applicants would be to do it! Everything you could possibly imagine is within UHI and you can gain the qualification that you want while staying local.

Caitlin Crawford graduated from our BA (Hons) History from UHI Argyll.

## Careers

---

Archaeological contract units

Archives, libraries and museums

Charity sector including wildlife and heritage groups

Churches, chaplaincy and mission agencies

Creative arts and writing

Court and security services

Government agencies, local authorities and diplomatic and civil service

Media, marketing, PR, journalism and publishing

Police, prison and probation officer

Policy and economic development

Political advisor, local government official, trade union management and parliamentary assistant

Social and youth worker

Teaching, education and academia

Tourism and heritage

# Archaeology

Are you fascinated by cultures of the past? Do you want to piece together the clues of their lives by examining the materials they left behind? With world-renowned archaeological heritage sites such as Skara Brae, Maeshowe, the Camster Cairns, and Mousa Broch, there's no better place to study archaeology than the Highlands and Islands of Scotland.

Join a degree that maintains close links to the distinctive cultural heritage of Scotland while also placing it within a much broader global context. Develop archaeological skills through hands-on experience and placements in areas including field (excavation and survey), environmental (zooarchaeology, archaeobotany and osteoarchaeology), digital (photogrammetry), and illustration. Receive research-led teaching from lecturers engaged in world-class research on projects from the Scottish Islands, the UK, and Ireland, to the Atlantic region and Polynesia, as you uncover the right career path for you.

## Structure and entry

Course code V400

<b>Year 1 CertHE</b>	<p>Highers: BBC</p> <p>A levels: BC</p> <p>At least two of the above should be from the list of relevant subjects: see website for details</p> <p>Alternatively, the satisfactory completion of our Archaeology and Local Studies access course, a relevant Scottish Wider Access Programme (SWAP), or other relevant qualifications or experience, will be considered on an individual basis: see website for details</p>
<b>Year 2 DipHE</b>	<p>Advanced entry may be possible with the HNC Social Sciences (12 SQA credits) (see page 135) with three additional SQA credits at level 7, and at least grade C in the Graded Unit</p>

<b>Year 4 BA (Hons)</b>	

## Study method

- + Scheduled video conference lectures and tutorials
- + Online study
- + Practical field and project work
- + Each module normally involves a two-hour weekly time-tabled video conference lecture which you should attend at your home campus

## UHI campuses

- + Argyll
- + HTC
- + Inverness
- + Moray
- + North Highland\*
- + Orkney
- + Outer Hebrides\*
- + Perth
- + Shetland
- + West Highland\*
- + See campus map page 153 for details

## Features

- + Develop skills in surveying, fieldwork, and post-excavation practices
- + Put your skills into practice through archaeological placements
- + Choose from a range of many interdisciplinary subjects to suit your own interests and career path
- + Choose a single-honours or one of the many joint-honours courses available

For joint degree options see page 136

# Archaeological Science

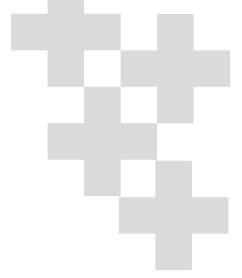

Are you interested in the scientific side of archaeology? Do you want to examine materials and structures of the past and use modern technologies to unlock the secrets contained within them?

Explore a variety of science-based methods that form an integral part of archaeological research, from archaeobotany to zooarchaeology, and study science-orientated modules such as biomolecular archaeology, Neolithic Scotland, historic landscapes, digital heritage, and many more. Draw on the enthusiasm and wisdom of our team of expert lecturers who are engaged in world-class research on projects from the Scottish Islands, the UK, and Ireland, to the Atlantic region and Polynesia, and build your own knowledge via archaeological excavations in world-renowned locations, plus laboratory-based study, field-schools, and active engagement in research. Use the plethora of transferable skills that you obtain on this comprehensive programme to take your next steps in this fascinating field.

Structure and entry		Course code F420
Year 1 CertHE	Highers: BBC A levels: BC These must include a science subject at grade C or above Alternatively, a relevant Scottish Wider Access Programme (SWAP), or other qualifications or experience, will be considered on an individual basis: see website for details

For joint degree options see page 136

# Culture and Heritage

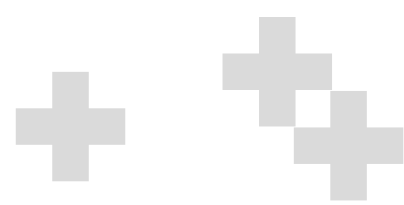

Are you interested in the rich cultural heritage of Scotland and what we've inherited as a society from past generations? Are you curious to learn about how the identity of the Highlands and Islands was formed, how history and decisions taken outside the region fashioned our character and landscapes, and how it all translates to life today?

Explore key cultural, historical, literary, linguistic, musical, and philosophical subjects from a Scottish and Highlands and Islands perspective, as well as within a global context. Examine a range of ideas, concepts, and themes, covering everything from art, film, and literature, to museums, Vikings, and plants. Take the opportunity to set your own research agenda, with freedom to choose the topics you'll study at all levels to make the most of the interdisciplinary nature of the programme. Take your valuable knowledge into a wide variety of careers from teaching, tourism, and libraries, to research, journalism, and community development.

Structure and entry		Course code V900

# Gaelic Scotland

Are you keen to learn Gaelic from scratch or improve your existing skills? Would you like to develop a deeper understanding of Gaelic as a language and a culture, and explore the topics and issues that are meaningful to Gaelic speakers today and in years gone by?

Take the opportunity to do both on this thoughtfully created, fully online course. Learn Gaelic language modules suitable for beginners, improvers, and fluent speakers in your first two years, and study the rest of the course in English, with subjects such as Gaelic prose, story and song, folklore, national identity, Scotland in film, and language policy in the workplace. Develop a strong foundation in Gaelic language and culture and take it to the next level via our range of postgraduate MLitt courses, or share your knowledge and enthusiasm via a career in a variety of sectors such as teaching, tourism, research, community development, media, broadcasting, and cultural organisations.

Structure and entry		Course code Q538

# Geography

Investigate the links between physical and human landscapes from a social science perspective, on this explorative and engaging programme. Focus on issues such as land use, planning and development, globalisation, climate change, energy, and tourism, with modules in sustainable development, energy use, climate, community empowerment, and geo-political development. Develop the highly transferable skills that lead to regular high employment rates for geography graduates, including planning and problem-solving, data collection and analysis, IT proficiency, report writing, presentations, and debating, as well as the ability to use specialist mapping and statistical software. Use your knowledge to pursue careers across almost any organisation or sector, with opportunities in renewable energy, waste management, energy efficiency, tourism, rural and community development, agriculture, local government, planning, logistics, the armed forces, transport, and environmental agencies.

For joint degree options see page 136

# History

Do you have an insatiable curiosity about the voices and societies of the past? Do you enjoy connecting the dots between current events and the centuries of evolution that brought us to this point in time?

Investigate the cultural, political, social, and economic history of Britain, Europe, and the Atlantic World in this broad and engaging programme. Learn to question the source information you're presented with, and the voices they do and don't represent, as you explore periods in time from the medieval to the modern. Examine particular topics of history in-depth, guided by the specialties of our experienced team as you study specific places, periods and themes. Graduate with a BA (Hons) History or BA (Hons) Scottish History, according to the specialism you choose in your third and fourth years. Put your highly transferable skills to good use in postgraduate studies or careers across a variety of sectors, from museums, galleries, heritage organisations, and tourism, to teaching, research, libraries, marketing, and media.

# Literature

Does anything provide access to the lives and minds of other people and cultures so deeply as a book? What other medium immerses us so fully in another world, wherever we are and whatever else we have going on?

Combine your passions for reading, writing, and reflection on this thought-provoking, searching programme, as you explore literature in a global context, looking in-depth at language and literary history within texts and on the international literary stage. Examine a wide range of authors, in English and translation, with modules including theory, introductions to reading drama, fiction, and poetry, classical and contemporary heroics, medieval literature, satire, and metafiction. With a solid foundation in genres and periods in years one and two, and research-based modules in years three and four, graduate as a confident and enthusiastic writer, researcher, and reader, and set out on a path to become the main character of your life-story.

## Structure and entry

# Philosophy

Is humanity headed in the right or wrong direction? What's the best way for a person to attain happiness? Are scientists the new priests of society? Is there a meaning to life and, if so, what is it?

Philosophy seeks to understand, and particularly to question, ideas concerning the nature of reality, value, and experience that play a pervasive role in understanding the world and ourselves. Analyse, evaluate, and debate these big questions in life and many more, as you explore views, ideas, theories, practices, and behaviours on this fascinating course. Study subjects such as ideas and ideologies in Politics, logic, anthropology, religion, and existential philosophy and literature, and develop core philosophical strengths as you learn to think well, spot errors in reasoning, analyse complex issues and arguments, build a strong case, and make your point with clarity and precision. With philosophy graduates found in almost every type of organisation in the public, private, and not-for-profit sectors, from arts-based areas like publishing, the media, journalism, advertising, and teaching, through to computing, IT, law, and recruitment, let your combination of skills provide a springboard into a myriad of postgraduate courses and careers, and contribute your answers to the many questions that society still asks.

means  
more

# Politics

Have politics - with a small and a capital 'p' - ever been so mainstream as they are today? With the rise of social media giving people of all ages access to their own platform, much is discussed but how much is understood?

Explore the three main areas of political study - political theory, international relations, and comparative politics - and gain a solid understanding of current debates and controversies. Develop intellectual independence and autonomy as you hone your skills in debating, investigation, research, teamwork, and critical analysis. Enjoy visits from guest speakers, and take part in workshops and masterclasses to refine your abilities, with the option to study a placement module in the third year, based in a political environment, to gain invaluable experience in the field.

For joint degree options see page 136

# Social Sciences

Are you curious about the way society works and how people interact with one another?

Study society, its people, and its institutions, and gain insight into the everyday life of our communities and workplaces, on this multi-disciplinary course. Focus on sociology, politics, and psychology, with subjects such as ideas and ideologies, understanding the social world, sociological theory, beliefs, developmental disorders, work and society, abnormal psychology, and restorative justice. Acquire a strong grounding in research methods, which will stand you in good stead for your future career as well as your final year dissertation. Select other modules from our range of humanities subjects, including criminology, history, literature, philosophy, and theology, and debate with fellow learners and subject specialists on many of the significant issues that affect our lives. Progress into postgraduate studies or pursue careers in a variety of fields, such as teaching, social work, the civil service, arts management, media, and political party administration.

For joint degree options see page 136

# Sustainable Development

With the world facing the prospect of a climate emergency, and decision-makers grappling with how to understand and respond to the pressures on our environment and society, sustainable development, from the local to the global, has never been more essential.

Get to grips with the facts about climate change, explore the UN Sustainable Development Goals, consider potential and emerging solutions such as the Green New Deals and the transition to 'wellbeing economies', and focus on how communities, particularly those based rurally, can make a significant contribution. Gain a critical understanding of the three main pillars of sustainability (social, environmental, and economic), studying modules drawn from a range of social science disciplines, such as geography, economics, politics, sociology, and environmental studies. Develop your practical skills via research and work with communities, and benefit from collaborative discussions and activities with our diverse and highly experienced course team. Put your knowledge to good use on our ever-changing planet and be one of the voices that enables a future for the generations to come.

<b>Year 3 BA</b>	
<b>Year 4 BA (Hons)</b>	

This course is delivered through online learning so you can study when and where it suits you, in the UK and internationally. It is not available for international students requiring a Student Route visa to study in the UK

## Study method

- + Online video conference lectures and tutorials
- + Opportunity to attend a residential face-to-face weekend and field trips (all optional)
- + All online lectures and tutorials can be accessed in real-time or via recordings

## UHI campuses

Those based near to one of the listed campuses may choose to apply to, and be enrolled and supported by, their local campus:

- + Argyll
- + Outer Hebrides<sup>+</sup>
- + West Highland<sup>+</sup>

All others should apply to, and will be enrolled and supported by our Outer Hebrides campus

<sup>+</sup> See campus map page 153 for details

## Features

- + Opportunity to attend the optional residential weekend each year
- + Assessment of core modules is through coursework
- + Graduates from this course have pursued careers in community economic development, working for UN agencies, and on international renewable energy projects

For joint degree options see page 136

## Criminology

Are you fascinated by crime? Do you wonder what causes criminal behaviour and how we work to prevent it? Study the social, personal, and political elements of crime and its control on this comprehensive, research-led course.

Draw on a wide range of human and social science disciplines and gain a critical understanding of the major theories used throughout criminology, with subjects including the politics of policing, institutions of justice, victimology, crime literature, violence and crime in sport, restorative justice, and the darker side of the internet. Develop clear and confident research methods and analysis skills and explore local, national, and international contexts of crime, offenders, victimisation, and responses to crime, including cybercrime. Use your knowledge and skillset to access a wide range of employment opportunities in the commercial, statutory, and voluntary sectors, in areas such as community development, policing and prisons, probation, social services, youth work, teaching, research, and educational institutions and charities that work with young offenders or victims of crime. Become part of the solution and make an impact on the statistics and, most importantly, the individuals of the future.

# BA (Hons)

## Sociology joint degrees with: Criminology, Politics, or Theology

Combine your fascination with the development, structure, and functioning of human society with the study of crime and its control, political issues such as freedom and democracy, or the study and impact of the main disciplines of Christian theology, on these joint humanities degrees.

Explore a wide range of themes and topics, from local, national, and global perspectives, and develop clear and confident research methods and analysis skills. Follow a broad approach to the study of sociology and your chosen discipline in your first two years, before examining particular topics in-depth, guided by the specialties of our experienced team of lecturers. Select other modules from our range of humanities subjects, including criminology, history, literature, philosophy, and theology, and apply your highly transferable skills to a wide variety of career paths, such as teaching, research, media, prison, policing and probation, marketing, churches, and religious agencies.

# Theological Studies

Is faith an intrinsic part of your life or are you more interested in it from an analytical perspective? Do you want to explore it further and gain a deeper understanding of how the human experiences and expressions of faith differ between people and cultures?

Gain a deeper knowledge and understanding of the main disciplines of Christian theology, and the personal and professional capabilities required for a variety of ministries or general employment. Ideal for prospective ministers and pastors, ordained local ministers, readers, missionaries, and religious studies teachers, the course is led by our experienced and knowledgeable team at our HTC campus, a non-denominational college recognised as a training provider by the Church of Scotland, the Associated Presbyterian Churches, the United Free Church of Scotland, and other denominations. Explore a wide range of theology across all main traditions and have access to special collections in HTC's impressive library of 65,000 volumes. Enjoy subjects such as the Pentateuch, Greek and Hebrew grammar, Pauline theology, homiletics, Holy Spirit and the word, and hermeneutics, as well as a work-placement in your third year to relate your acquired theoretical knowledge to real life situations.

## Structure and entry

Course code V600

<b>Year 1 CertHE</b>	Highers: CCC A levels: CC  Alternatively, our Access to Christian Theology, a relevant Scottish Wider Access Programme (SWAP), or other qualifications and experience, will be considered on an individual basis: see website for details

<b>Year 3 BA</b>	
<b>Year 4 BA (Hons)</b>	

This course is led by HTC and can be studied at their Dingwall and Paisley campuses, as well as our other campuses across the region. Alternatively, you can access lectures and course materials from home

## Study method

- + Face-to-face and video conference lectures and tutorials
- + Online study
- + Work placement
- + There is normally a weekly two-hour timetabled video conference lecture for each module

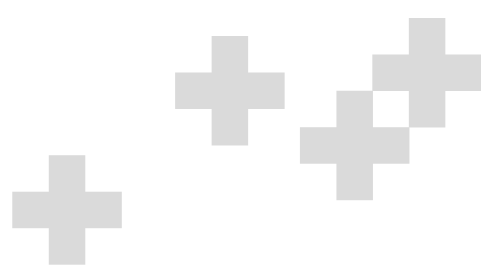

## UHI campuses

- + Argyll
- + HTC  
It is also possible to study and access course materials from your home location. If you choose to do this should you apply HTC
- + Moray
- + Outer Hebrides<sup>+</sup>
- + Perth
- + West Highland<sup>+</sup>
- <sup>+</sup> See campus map page 153 for details

## Features

- + Work placement opportunity in year three
- + Ideal course for prospective ministers and pastors, ordained local ministers, readers, missionaries, and religious studies teachers
- + Visiting speakers will give you a flavour of the different areas of service that may be of interest for future employment, or volunteering

For joint degree options see page 136

## Working with Communities

**HNC**

Course code 145L

Do you work or volunteer with community-based groups? Take this opportunity to gain a professional qualification in Community Learning and Development (CLD). Learn about the principles which underpin effective community practice, including: adopting and supporting a range of learning approaches; working with community groups (adults and young people); and supporting the development of community capacity. Study via our online learning environment, from home or on campus, to fit your studies around other work and life commitments. Interested in taking it further? Progress from this course to further practice community development at degree level.

### Entry requirements

- Highers: CC; A levels DD; preferably in English or English based subject; or a relevant NC pass at SCQF Level 6; PVG membership is required to undertake this course; see website for further details

### UHI campuses

- Shetland

## Social Sciences

**HNC**

Course code 143L

Find answers to the bigger questions in society as you take your first steps into a career in social sciences. Explore key areas such as politics, sociology, criminology, history, and psychology on a course that has been designed to help you understand the world around you and recognise what part you play in creating changes. Develop your research, critical thinking, and complex problem-solving skills by looking for creative solutions to social, political, and psychological problems. Enjoy visits from a series of guest lecturers and related industry professionals to enrich your learning. An approved route into year two of many of our social science degrees, such as BA (Hons) Social Sciences) (see page 130): see website for details.

### Entry requirements

- Highers: C; A levels: D; preferably English or another social subject such as History, Politics, Modern Studies, Geography, Sociology, or Psychology. Alternatively, an NC or access course in a related subject

### UHI campuses

- Argyll (online)
- Inverness
- Moray
- Outer Hebrides<sup>†</sup> (online)
- Perth
- Shetland (online)
- West Highland<sup>†</sup>

<sup>†</sup> See campus map page 153 for details

# Joint honours

- + Most of our humanities subjects can be studied as joint honours, as well as single honours degrees. The joint honours programmes give you the opportunity to combine two subjects which complement your interests or career goals
- + You will usually concentrate on both subjects equally, therefore while your study of any subject will be more in depth in the single honours, you will have a wider range of skills to take into the workplace with a joint honours degree
- + It may be possible to transfer between single and joint honours options, usually during your first or second year, however advice will be available throughout your studies from your personal academic tutor

**Robotics**

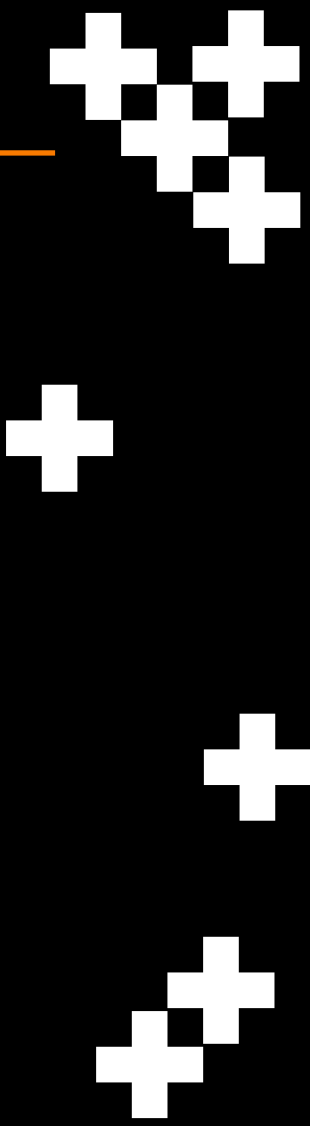

Forestry

**Oceans**  
and marine

**Climate**  
**change**

Great **outdoors**

**Biology**

I love this course because our lecturers are renowned scientists in their field, and it's so inspiring to be taught by them. It's hands on with a small number of students per class, so you have a very personal connection to your lecturer.

If you're passionate about the ocean this is by far the best place to study. I think SAMS is brilliant and I would recommend it to anyone especially if you love learning by doing.

Janne Bruhns is studying on our BSc (Hons) Marine Science with Oceanography and Robotics at SAMS, a UHI partner.

## Careers

**Research and academia**

Tourism

## Bioscience

Are you interested in pursuing an interesting and varied career in industries as diverse as biotechnology, the food and drink sector, microbiology, environmental analysis and protection, and scientific research?

Join this multi-disciplined degree and focus on recent advances in a variety of scientific fields as you learn laboratory techniques and gain practical experience in subjects such as biology, biochemistry, lab practice, instrumentation, microbiology, molecular biology, and genomics. Develop a well-rounded understanding of modern science and enjoy placements in your third and fourth years, with previous employers including Lifescan (Inverness), Thermo Fisher (Perth), the pathology labs at Ninewells Hospital (Dundee), and James Hutton (Invergowrie). Engage with leading research scientists and connect with our passionate, experienced, and enthusiastic course team, guiding you to make the most of your programme experiences before you progress into fields such as research, teaching, laboratories, or scientific organisations. Choose to follow our previous graduates into areas including genomics, scientific instrumentation, brewing, decommissioned nuclear sites, quality control of scientific growing media (as a microbiologist), school technician roles, and further studies, or forge your own path in this fascinating speciality.

Course code **C902**

### Structure and entry

<b>Year 1 CertHE</b>	<p>Highers: BCC; must include two science subjects, one of which should ideally be Maths</p> <p>A levels: CC; including one science subject</p> <p>You must also have a National 5, or equivalent, in Chemistry and Maths</p> <p>Alternatively, an appropriate Access to Science course; Foundation Apprenticeship Food and Drink Technologies plus 2 Highers in science (Chemistry or Biology) and English, and National 5 Maths; Foundation Apprenticeship Scientific Technologies (Laboratory Skills) plus one Higher in Science and National 5 Chemistry; NC Applied Science level 6; Scottish Wider Access Programmes (SWAP); or other qualifications or experience may be considered: see website for details</p>
<b>Year 2 DipHE</b>	<p>Advanced entry may be possible with the HNC Applied Sciences (150 credits), (see page 150), and at least grade B in the Graded Unit, or other relevant HNC</p>
<b>Year 3 BSc</b>	<p>Advanced entry may be possible with an HND Applied Sciences, preferably with grade A in the Graded Unit, or other relevant HND</p>
<b>Year 4 BSc (Hons)</b>	

PVG scheme membership is required to undertake specific optional modules: see website for details

Study method	UHI campuses	Features
<ul style="list-style-type: none"> <li>+ Face-to-face and video-conference lectures and tutorials</li> <li>+ Weekly practical laboratory sessions at your location of study</li> <li>+ Online study</li> </ul>	<ul style="list-style-type: none"> <li>+ Argyll</li> <li>+ Moray</li> <li>+ North Highland*</li> <li>+ Perth</li> <li>+ See campus map page 153 for details</li> </ul>	<ul style="list-style-type: none"> <li>+ Gain valuable experience of laboratory practice in chemistry, biology, and instrumentation used in industry</li> <li>+ Prepares you for employment in a wide range of scientific disciplines</li> <li>+ High importance is given to practical skills and data handling</li> </ul>

# Environmental Science

Are you fascinated by the processes that shape our natural environment? Do you want to influence the response to challenges faced by society on local, national, and global scales?

With environmental issues under scrutiny and solutions in high demand, you won't find a better classroom than the Highlands and Islands of Scotland. One of the world's best 'living laboratories', immerse yourself in the spectacular natural habitats of the Scottish Highlands, and develop key field skills on annual residential modules at locations throughout the region. Study subjects such as data collection and analysis, biodiversity, lab skills, conservation, freshwater and marine environments, climate change, science and society, sustainable energy and waste minimisation, and conservation of biodiversity. Develop your skills in problem-solving, construct scientific, ethical, and philosophical arguments, gather, analyse, and report on complex environmental data, and refine your written, verbal, numerical, and IT skills on this thoughtfully created programme. Careers in this field are varied and progressive - move into roles that interest you most, in areas and organisations such as Scottish Natural Heritage, Scottish Environmental Protection Agency, Forestry Commission, local authorities, environmental consultancy, NGOs, and charities.

## Structure and entry

Course code **F900**

<b>Year 1 CertHE</b>	<p>Highers: CCC</p> <p>A levels: CC</p> <p>The above must include a science subject plus National 5, or equivalent, in Chemistry at grade C</p> <p>Alternatively, a Foundation Apprenticeship Scientific Technologies (Laboratory Skills) plus one Higher at grade C and National 5 in Chemistry at grade C, or equivalent; Scottish Wider Access Programmes (SWAP); or other qualifications or experience will be considered on an individual basis: see website for details</p>
<b>Year 2 DipHE</b>	Advanced entry may be possible with HNC Applied Sciences (see page 150) or HNC Countryside and Environmental Management
<b>Year 3 BSc</b>	Advanced entry may be possible with HND Countryside Management
<b>Year 4 BSc (Hons)</b>	

PVG scheme membership is required to undertake specific optional modules: see website for details

## Study method

- + Face-to-face and video conference lectures and tutorials
- + Practical laboratory sessions
- + Field trips
- + Work placement
- + Online study

## UHI campuses

- + Argyll
- + Moray
- + North Highland\*
- + Perth
- + See campus map page 153 for details

## Features

- + Study in the Highlands and Islands of Scotland, one of the world's best 'living laboratories'
- + Undertake a residential field module each year at locations throughout the region
- + Access to specialist analytical equipment and laboratories
- + Gain industry experience in year four through a work placement

## Marine Science

Are you passionate about our seas and oceans? Can you imagine studying at a beachfront campus, with an enormous wealth of marine and coastal environments right outside your door?

Dive into an incredible living research environment, with internationally-renowned, state-of-the-art marine laboratory facilities, at the Scottish Association for Marine Science (SAMS) on Scotland's west coast.

Enjoy first-hand interactions with marine science experts, collect samples and data on research vessels, in aquaria and on the seashore, and develop excellent laboratory skills. Choose to study abroad in your third year at the University Centre in Svalbard (UNIS) in the Arctic Circle or Coastal Carolina, USA. Explore the marine realm first hand and apply the latest technologies throughout your studies, with subjects such as oceanography, biogeochemical cycling, conservation, robotics, data analysis and instrumentation, polar seas, the marine carbon cycle, and much more. A brilliant springboard to success in your future marine science career, exit with a BSc (Hons) Marine Science or choose to pursue pathways in Arctic Studies, Marine Biology, or Oceanography and Robotics.

### Structure and entry

Course code **F710**

<b>Year 1 CertHE</b>	<p>Highers: ABBB</p> <p>A levels: BBCC</p> <p>The above must include two science subjects, plus English, and Maths at National 5 or equivalent</p> <p>Alternatively, Scottish Wider Access Programmes (SWAP); applicants with other qualifications, or will also be considered: see website for details</p>
<b>Year 2 DipHE</b>	
<b>Year 3 BSc</b>	
<b>Year 4 BSc (Hons)</b>	

### Study method

- + Face-to-face lectures and tutorials
- + Practical field and laboratory work
- + Online study

### UHI campus

- + Scottish Association for Marine Science

### Features

- + Choose to specialise and exit with a BSc (Hons) Marine Science, with either Arctic Studies or Oceanography and Robotics
- + Access state-of-the-art laboratory facilities and advice from expert marine researchers
- + Access to specialist analytical equipment and laboratories
- + Opportunity to study in the Arctic Circle, the Netherlands, or the USA

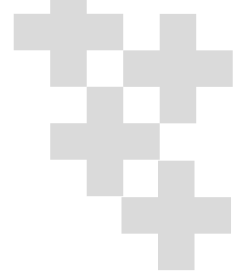

# Archaeology and Environmental Studies

Are you fascinated by the environmental information we can learn by exploring the information stored in our surroundings? Do you want to study in one of the best natural and archaeological landscapes in the country?

Enjoy unparalleled opportunities to develop your environmental and archaeological skills surrounded by some of the UK's best sites for nature and heritage conservation. Focus on the scientific aspects of archaeology in combination with sustainability issues, techniques in field-based evidence, and ethics. Study subjects such as historical landscapes, climate, digital heritage, the impact of development, and sustainability, with optional modules that may include wetland archaeology, freshwater environments, Neolithic Scotland, and many more. Gain essential experience on the course's residential field modules and develop the necessary attributes to pursue a career across a variety of research, policy, and interpretation roles. Whether you choose to pursue postgraduate education or progress into areas such consultancy, wildlife and heritage organisations, museums, media, tourism, or teaching, bring your understanding of the past to current audiences and help shape the world of the future.

Structure and entry		Course code VF49
Year 1 CertHE	Highers: CCC A levels: CC  Alternatively, Scottish Wider Access Programmes (SWAP), or applicants with other qualifications or experience, will be considered on an individual basis	
Year 2 DipHE		
Year 3 BSc		
Year 4 BSc (Hons)

<ul style="list-style-type: none"> <li>+ Video conference lectures and tutorials</li> <li>+ Field trip</li> <li>+ Online study</li> </ul>	<ul style="list-style-type: none"> <li>+ Argyll</li> <li>+ HTC</li> <li>+ Inverness</li> <li>+ Moray</li> <li>+ North Highland*</li> <li>+ Orkney</li> <li>+ Outer Hebrides*</li> <li>+ Perth</li> <li>+ Shetland</li> <li>+ West Highland*</li> </ul> <p>* See campus map page 153 for details</p>	<ul style="list-style-type: none"> <li>+ Develop your skills in some of the UK's best sites for nature or heritage conservation</li> <li>+ Combine two subjects in this joint honours degree</li> <li>+ Your work placement in year four will give you the opportunity to engage with external agencies</li> <li>+ You can study full time or part time to suit your personal circumstances</li> </ul>

# Geography

Are you curious about the world around you? Do you find the facts, figures and visuals of physical, environmental, and human geography fascinating and want to explore them further?

At both local and global levels, many of the significant challenges facing society today are related to geography. Enjoy the stunning surroundings of Scotland as you learn about biodiversity, atmosphere, climate, ecosystems, tourism, design skills, globalisation, society, and more, along with a third year work placement module with an external agency. Take part in field trips, which are a truly valuable and memorable part of your studies, including day trips in the local area as well as residential field trips around Scotland. With the amazing terrain of the Highlands as your classroom, develop highly transferable skills in research, creative-thinking, problem-solving, analysis, communication, numeracy, IT, and presentation, that can be applied to almost any workplace. Expand your horizon to opportunities in an almost limitless choice of fields: from government agencies such as the Scottish Environment Protection Agency (SEPA), the Environment Agency, and Scottish Natural Heritage, to roles in planning, teaching, tourism, consultancy, and cartography, the world is truly your oyster.

# Forest Management

Are you physically fit, with a head for business and a love of the great outdoors? Are you a good team player, whether you're halfway up a snowy hill or brainstorming back at the office?

Forest managers are responsible for preserving and protecting forests and woodland, providing professional advice to the land-based forestry sector while ensuring timber is produced sustainably. Join us at the Scottish School of Forestry in Inverness, and gain an excellent grounding in this practical field, studying subjects such as forest science, establishment of woodlands, forest recreation, ecology, conservation, broadleaved woodlands, diversity, international trade, and much more. Enjoy fieldwork-based projects, plus a one-year industry placement during the HND year, with previous placements including Forestry Commission Scotland, Scottish Woodlands, BSW, Christie Elite, and James Jones. Explore opportunities to take part in study trips in Scotland, the rest of the UK, and Europe, and progress into a rewarding career, on a course with demonstrable success of our graduates gaining managerial posts in industry. Grow as a leader, and as a person, and help secure our forests for future generations to enjoy.

## Structure and entry

Course code **D500**

<b>Year 1 HNC Forestry or Arboriculture and Urban Forestry</b>	Highers: CC, or B plus four National 5s at B or above A levels: DD  Minimum of one year's pre-course experience in a woodland environment is required, or attainment of Certificate in Forestry or Conservation Skills (may be waived for those with three or more Highers at grade C). Applicants with relevant life or work experience will be considered on an individual basis: see website for details
<b>Year 2 HND</b>	Advanced entry may be possible with the HNC Forestry or Arboriculture and Urban Forestry: see page 150
<b>Year 3 BSc</b>	Advanced entry may be possible with the HND Forestry or Arboriculture and Urban Forestry: see page 150
<b>Year 4 BSc (Hons)</b>	

Year 3 BSc is studied part-time over two academic years; you will also undertake a one-year placement and will therefore study the course for six years. A driving licence is a prerequisite for this placement: see website for details

## Study method

- + Face-to-face and video conference lectures and tutorials
- + Practical sessions
- + Field work
- + Work placement
- + Online study

## UHI campus

- + Inverness  
Scottish School of Forestry

## Features

- + One-year industry placement in year two
- + Study trips in Scotland, the rest of the UK, or Europe
- + Gain partial fulfilment of Professional Membership Entry to the Institute of Chartered Foresters

# Equine Business Management

Are horses your passion? Do you imagine a future where you combine your interest in equine pursuits with your business aspirations, to create a successful career?

Harness your ambitions on this unique, dynamic and highly practical course. Study a wide range of equine-related subjects such as performance, anatomy, legislation, sports science, behaviour, welfare, marketing, and tourism, with work placements available in each year. Benefit from interactions with guest speakers, draw on the experience of our highly committed course team, and use evidence-based equine research to explore relevant and current industry information, while putting your learning into practice with project work investigating real-life situations. Enjoy flexibility with a choice of riding or non-riding routes (or a mix of both), and access to our dedicated equine campus, horses and staff, or study from home, fully online or working with a British Horse Society accredited coach or equivalent, at your own expense\*. Follow your dreams in this rewarding industry, making your own way as an equine entrepreneur, or taking advantage of career opportunities in public, private, and voluntary organisations, from yard management and teaching, to sports management and tourism.

## Structure and entry

Course code D4N2

<b>Year 1 CertHE</b>	Highers: CCC A levels: CC  Alternatively, an NC Equestrian Skills or Business Studies, including level 6 study. Other qualifications or experience will be considered on an individual basis
<b>Year 2 DipHE</b>	Advanced entry may be possible with an HNC in an equine-related subject, or business subject with equine experience
<b>Year 3 BA</b>	Advanced entry may be possible with an HND in an equine-related subject, or business subject with equine experience
<b>Year 4 BA (Hons)</b>	

\*International students may have the opportunity to study from their home location, following a specific framework, in years three and four

## Study method

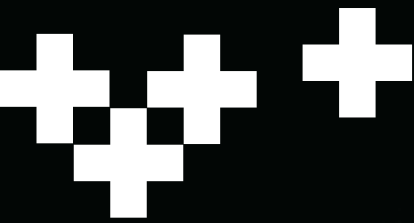

- + Face-to-face and video conference lectures and tutorials
- + Practical sessions at stables
- + Online study

## UHI campus

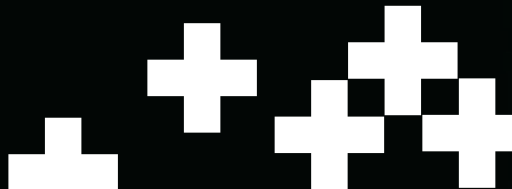

- + North Highland\*
- + See campus map page 153 for details

## Features

- + Access to our purpose-built equestrian centre, where you will be taught by professional staff highly experienced in the industry
- + Choose to follow a riding or non-riding route, or a mix of both
- + Opportunities to take part in equestrian events and activities may be offered
- + Endorsed by the British Horse Society as training towards BHS exams

Where learning means more

## Equine Studies

HNC

Course code 624D

Do you love horses? Is it your dream to build a career around them? Join this excellent, intensive programme, studying mainly online, learning the practical and theoretical skills needed to handle and care for a variety of horses to a high standard. Develop key business and management skills, studying subjects such as equine anatomy, fitness, health, nutrition, and customer care, and train towards your British Horse Society exams. Enjoy opportunities to work at stables throughout the country and take part in local competitions (where available), and take your next steps into this incredible field. An approved route into year two of our BA (Hons) Equine Business Management.

### Entry requirements

- NC Equestrian Skills or Business Studies. Applicants with other business qualifications and equine experience will be considered on an individual basis. Study mainly online, with a minimum of two intensive four-week blocks of riding and practical activity at the Rural Studies Centre, in Halkirk, Caithness

### UHI campus

- North Highland\*

\* See campus map page 153 for details

# Applied Sciences

HNC

Course code 0CFG

Join this engaging, hands-on course to gain a wide-ranging introduction to advanced level science. Study a variety of topics such as cell biology, chemistry, ecology, maths, and physics for life science, and acquire a range of practical skills and experience in science disciplines to prepare you for employment or further study. The programme provides a strong base for your progression to higher level study, and is an approved route to our BSc (Hons) Bioscience (page 142), BSc (Hons) Environmental Science (page 143), BSc (Hons) Geography (page 146), and BSc (Hons) Optometry (page 111).

## Entry requirements

- Highers: C; A levels: D; in a science subject, preferably Biology, Chemistry, or Physics; plus National 5 Chemistry or Biology, or equivalent. Alternatively, an NC or NQ in a science related subject; Foundation Apprenticeship Food and Drink Technologies, plus a Higher Science; Foundation Apprenticeship Scientific Technologies (Laboratory Skills), plus National 5 Chemistry or Biology; or equivalent, plus interview

## UHI campuses

- Inverness
- Moray

# Arboriculture and Urban Forestry

HNC

115D

HND

015D

Do you prefer to be out and about? Can't see yourself working behind a desk all your life? Let us prepare you to step out into the world as you get to grips with the key skills needed to manage trees and woodlands in urban settings. Study topics such as arboriculture practice, legislation, health and safety, forest science, business calculations, forest design, woodland ecology, and work supervision practice, and enjoy an optional one-year placement after completing the HNC. Approved routes into years two and three of our BSc (Hons) Forest Management (see page 147).

## Entry requirements

- Entry to year one (HNC)
- Highers: CC; or B, plus four National 5s at B or above; A levels: DD; Certificate in Forestry; or NPA Woodland Operations. A driving licence is a prerequisite for the optional placement year

## UHI campus

- Scottish School of Forestry, part of UHI Inverness

# Forestry

HNC

105D

HND

005D

Broaden your horizons and get into the great outdoors with these comprehensive forestry programmes. Gain technical, supervisory and managerial skills as you learn about the conservation and management of our woodland and forest areas, studying topics such as forest science, establishment of woodlands, land measurement, thinning control, and harvesting. Enjoy a one-year placement after completing the HNC as well as opportunities to take part in a range of study exchange programmes. Approved routes into years two and three of our BSc (Hons) Forest Management (see page 147).

## Entry requirements

- Entry to year one (HNC)
- Highers: CC; or B, plus four National 5s at B or above; A levels: DD; plus a minimum of one year's pre-course experience in a woodland environment, or attainment of the Certificate in Forestry (may be waived for those with three or more Highers at grade B). A driving licence is a prerequisite for the optional placement year

## UHI campus

- Scottish School of Forestry, part of UHI Inverness

# Horticulture

HNC

454D

HND

214D

Put down roots in this significant sector and develop your understanding of the characteristics, growth, and use of plants. Study subjects including horticulture, plant protection, creation of gardens and green spaces, soil and plant nutrition, plant biology, planting design, organic production systems, and plants and habitats. Enjoy visits from industry experts and learn from horticulture lecturers with real world experience, including specialists in conservation and the environment, and an award-winning garden designer, as you cultivate the skills you need to succeed in this diverse field.

## Entry requirements

- Entry to year one (HNC)
- Highers: C; A levels: D; NC in Horticulture (SCQF level 5 or above); or SVQ 3 in a Horticultural related subject. PVG Scheme membership is required for specific optional modules and units - see website for details

## UHI campuses

- Argyll (HNC/HND)
- Inverness (HNC)
- Moray (HNC)
- Perth (HNC)
- Outer Hebrides<sup>†</sup> (HNC)
- See website for further locations

# Wildlife and Conservation Management

HNC

244D

HND

TBC

Do you want to help Scotland lead the way against climate change and transition to a net zero economy? Join this innovative new programme and develop a broad understanding of nature and climate issues, learning important activities such as peatland restoration, habitat monitoring, conservation, land management and sustainable wildlife management. Our curriculum team are a leading force in contemporary land-based education - let them guide you as you prepare to pivot towards a career in this fast-growing and dynamic green economy.

## Entry requirements

- Entry to year one (HNC)
- Highers: C; A level: D; PLUS National 5 passes at C or above in subjects such as Trees in the environment, Investigating animal wildlife, Wildlife conservation, and The physical landscape of Scotland; or equivalent GCSEs, NCs, NQs in a relevant subject. Prospective students without the standard entry requirements are encouraged to apply and will be considered on an individual basis

## UHI campuses

- North Highland<sup>†</sup>
- Outer Hebrides<sup>†</sup>
- West Highland<sup>†</sup>

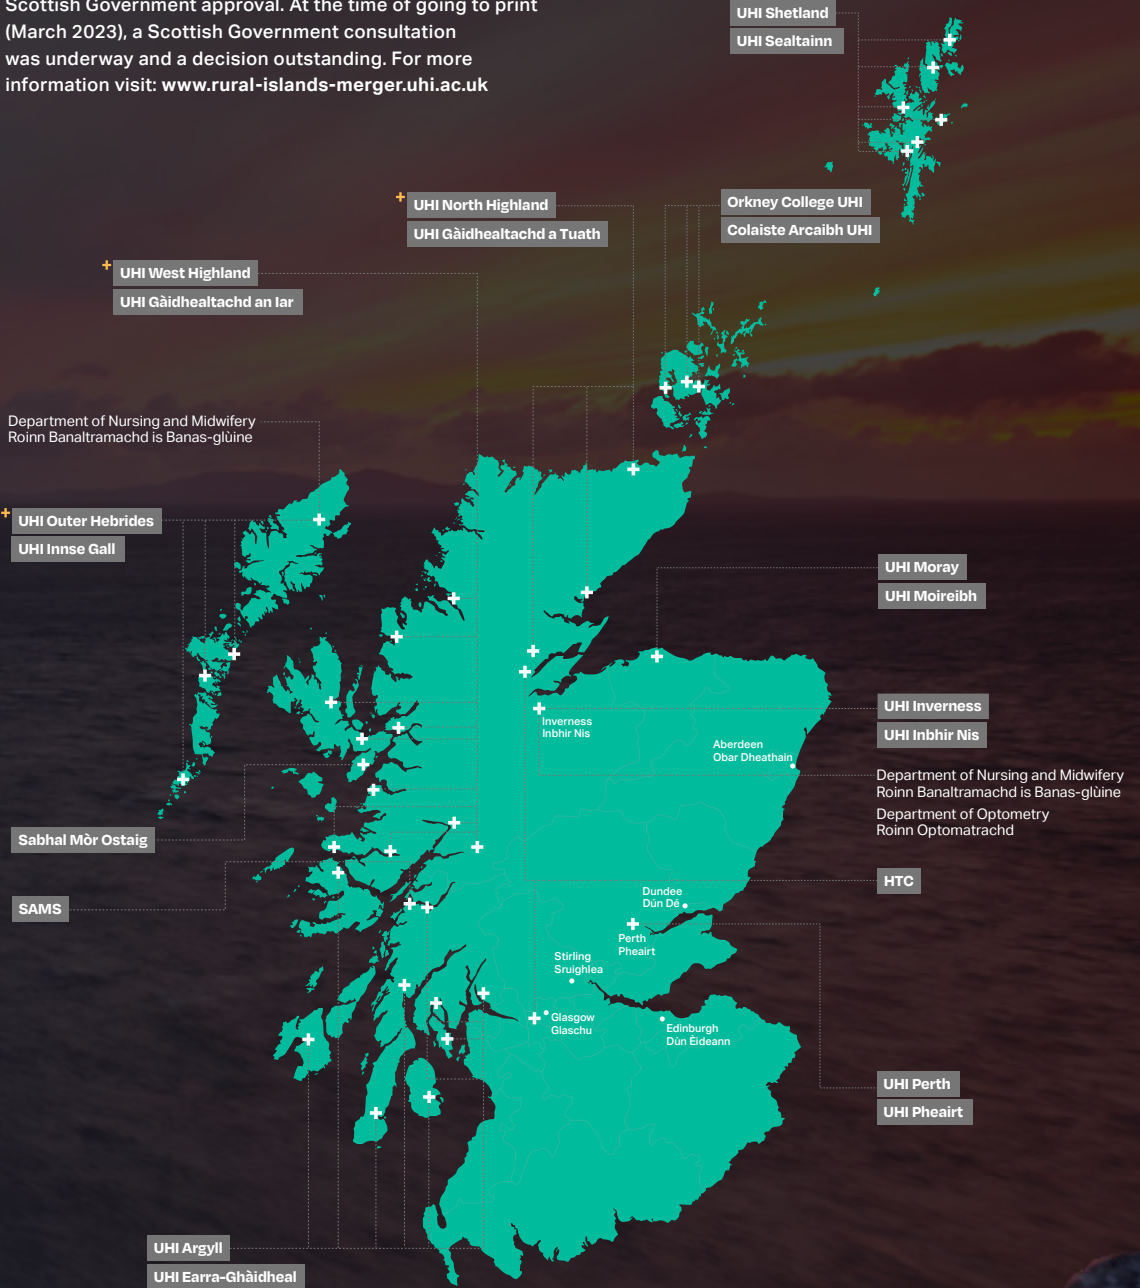

<sup>†</sup> See campus map page 153 for details

# More locations

A scenic view of a rugged coastline with a lighthouse on a cliff. The sky is a mix of blue and pink, suggesting a sunset or sunrise. The ocean is a deep blue with white waves crashing against the rocks. The cliffs are dark and jagged, with some green grass on top. A lighthouse is visible on a small island or cliff in the distance.

+ The Boards of Management at UHI North Highland, UHI Outer Hebrides and UHI West Highland have agreed to merge to form UHI North, West and Hebrides, subject to Scottish Government approval. At the time of going to print (March 2023), a Scottish Government consultation was underway and a decision outstanding. For more information visit: [www.rural-islands-merger.uhi.ac.uk](http://www.rural-islands-merger.uhi.ac.uk)

# Accommodation

We offer purpose-built student accommodation featuring en-suite single bedrooms, with shared kitchen and living areas, or studios with in-room cooking facilities.

Weekly prices  
for 2023/24  
Single £135.75  
Studio £175.75

**Designed around the needs of our students, rental fees include:**

- + wifi
- + heating
- + 24/7 on-call support and help
- + electricity
- + on-site laundry facilities\*
- + covered cycle storage
- + building and contents insurance
- + council tax and water rates

\* additional cost

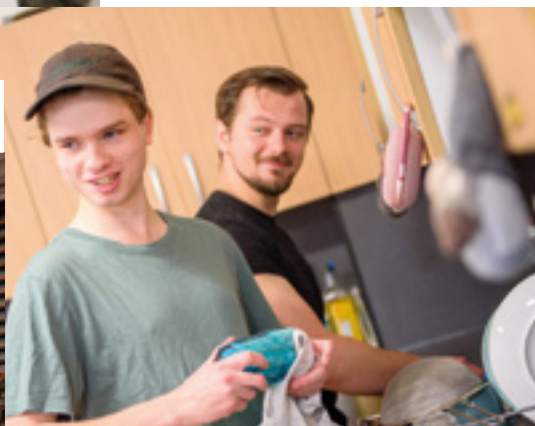

- + **UHI Inverness**
- + **UHI Moray**
- + **UHI North Highland\***
- + **UHI Outer Hebrides\***
- + **UHI West Highland\***

Students who have secured a conditional or unconditional offer are able to apply for a student accommodation place. Application does not guarantee a place in student accommodation: rooms will be allocated on a first come first served basis. For further information and how to apply please visit [uhi.ac.uk/accommodation](https://uhi.ac.uk/accommodation)

\* See campus map page 153 for details

**Starting at university can be a daunting prospect, especially if you are moving away from home. Finding the right accommodation will help you settle quickly into life as a student.**

**The following three campuses also offer dedicated student accommodation:**

- + Perth**
- + Sabhal Mòr Ostaig**
- + Scottish Association for Marine Science**

scan here for the latest information on our accommodation

## **Private accommodation**

For campuses which do not have dedicated student accommodation, or for students who prefer private rented accommodation, assistance is available to find suitable lodgings if required. Types of accommodation and costs will vary depending on your location of study. For further sources of information about private accommodation for your chosen campus, please visit our website: **[uhi.ac.uk/accommodation](https://uhi.ac.uk/accommodation)**

# Careers and employability

At UHI we are not just concerned with helping you to achieve success in the academic world, but also in translating your academic achievement to success in the working world.

Over the course of our lives, we all make multiple career decisions. You will not leave university as the finished article so, in a world that changes constantly, we understand that you might be unclear about your future. However, we are here to support you throughout your studies and think about what the future might hold for you.

In order to do this we provide all students with a range of careers and employability services.

## + Advice and support services

Every campus has staff who can help you with careers and employability questions.

In addition, careers information, advice and guidance is available to all students through the Careers and Employability Centre using the FutureMe careers portal. Our services are not only available to you while you are a student: as a graduate you will have access to our services for life, helping you to manage and navigate your post-university career.

**I am a student**

**I am a graduate**

**I am an employer**

Career development services offered by the centre include:

- one-to-one consultations with career advisers, either through telephone, email, or video conference
- a Job Shop including details of graduate jobs, internships, placements, and volunteering opportunities
- CV and application form feedback
- mock interviews (by telephone or video conference)
- workshops and seminars (offered online and face-to-face)
- careers and labour market information

## FutureMe

*Helping you look up, look forward  
and be in the know*

Further information about all of our services is available through FutureMe at: [uhi.ac.uk/careers](http://uhi.ac.uk/careers)

**First class  
career advice  
and support  
services**

**Access to  
placement and  
work experience  
opportunities**

**A course of academic learning  
structured to enable you to  
develop employability skills,  
alongside academic expertise**

**+ Working for you**

The Careers and Employability Centre works with both national and local employers to promote our students and generate job vacancies for our graduates. Our strong employer links also allow us to provide advice and guidance services that are responsive to the labour market.

**+ Work experience and placement opportunities**

Depending on the course you choose, you may have access to a structured work placement as part of your studies. Alternatively, you may choose to apply for a placement or internship advertised by the Careers and Employability Centre, or you may wish to seek voluntary work or work experience. We can help you to identify the options that suit you.

**+ Your course and skills for employment**

Feedback from employers suggests that alongside evidence of study and work experience, certain skills are also required of graduates. Our courses are structured to enable you to develop these graduate attributes for employment, including communication, self-management, interpersonal skills, and social awareness.

**+ A final comment**

We encourage all our students to start thinking about their career and employability early in their course and to engage with the Careers and Employability Centre. By getting advice, obtaining information, gaining experience, and connecting with people, you increase the likelihood that you will end up somewhere you want to be (even if it's not the place you originally envisaged!).

Further information about all of our services is available through our website:  
[uhi.ac.uk/careers](http://uhi.ac.uk/careers)

# Student support

You will be supported throughout your studies by approachable expert staff, whether you choose to study on campus or online.

## + Student partnership

We were the first institution in Scotland to adopt the new Student Partnership Agreement. This sets out how students and staff can work together to improve the student experience. We are always looking for innovative ways in which our students can shape and influence our work.

Visit: [uhi.ac.uk/student-partnership-agreement](https://uhi.ac.uk/student-partnership-agreement)

## + Essential study skills

We offer a portfolio of information and resources, intended for use at key points during studies. The interactive modules have been designed for you to access at your own pace, and can be referenced throughout your journey with us. Content includes using technologies, becoming an effective learner, core skills, preparing for work, and much more.

Visit: [www.induction.uhi.ac.uk](https://www.induction.uhi.ac.uk)

## + Students with disabilities

Wherever and however you are studying, if you have a disability and feel you would get more from your studies with some additional support, then please contact us as soon as possible. You may want us to arrange support, find someone with specialist skills, or help you make an application for financial support such as the Disabled Students' Allowance. The information you give us will be shared with relevant others to help ensure that you are adequately supported throughout your student journey. For further information visit: [uhi.ac.uk/en/students/support/inclusive/disability-matters/](https://uhi.ac.uk/en/students/support/inclusive/disability-matters/)

## + Library and learning resources

You will have access to a wide range of books, journals, e-books and other online resources, no matter how you choose to study. All our main campus sites have dedicated librarians and library spaces with print book collections, study spaces, computers, printers, and assistance on hand, and part-time and distance learning students can access the libraries of other UK universities through the SCONUL Access scheme.

Visit: [sconul.ac.uk/sconul-access](https://sconul.ac.uk/sconul-access)

## + Support to keep you safe

If you are concerned about your own safety or that of another student, UHI can offer support and also connect you with the appropriate external agencies.

We also provide email and live chat support during office hours. You can request books from across the university through the intersite loan system. Distance learning students can have our print books posted to them free of charge, and use Freepost to return them, if we cannot provide an electronic book or chapter scan. For more information on the library service visit:

[uhi.ac.uk/library](https://uhi.ac.uk/library)

## + Health and wellbeing

Your health and wellbeing are priorities: looking after yourself will help you study better and give you more energy to enjoy your student experience with us. Visit our webpages for advice, guidance, and useful links:

[uhi.ac.uk/health-and-wellbeing/](https://uhi.ac.uk/health-and-wellbeing/)

## + Getting involved

Making the most of student life is all about getting involved. There are a number of opportunities, from volunteering, to representation, to mentoring. For more information or to get in touch visit:

[uhi.ac.uk/en/students/get-involved](https://uhi.ac.uk/en/students/get-involved)

## + Childcare

Excellent childcare facilities are available at several of our campuses. Please visit our website for more information:

[uhi.ac.uk/en/students/get-involved/childcare](https://uhi.ac.uk/en/students/get-involved/childcare)

## + Funding Support

UHI is grateful to a wide range of kind donors – individuals, businesses, trusts, and foundations – who provide financial help to our students through our scholarships, Student Development Fund, bursaries, prizes, and awards. Students may also be eligible for discretionary, hardship, and other government funds throughout the academic year.

To find more details visit: [uhi.ac.uk/scholarships](https://uhi.ac.uk/scholarships)

# International students

If you would like to study in a country of outstanding natural beauty, safe and friendly communities, and cities buzzing with culture, social life and activities, then the **Highlands and Islands of Scotland should be your first choice.**

## + Entry requirements and applications

We make offers of entry based on qualifications achieved worldwide. Admission to our courses depends on a proven level of competence in English. If English is not your first language you will be required to provide a recent secure English language test certificate. For degree study, you will need an IELTS score of 6.0, with no elements below 5.5, or equivalent. For HNC/D study, you will need an IELTS score of 5.5, with no element below 5.0, or equivalent.

Courses that are taught wholly online can only be studied from your home country.

For any campus-based courses, international students will be required to hold a valid Student Route visa.

## + Support and advice

Our dedicated international team is here to help you select the right course, guide you through the application process and support you with information and advice on visas, accommodation, and other issues.

Accommodation is often a key consideration for overseas students. Some of our campuses have modern, purpose-built student accommodation. You will also have the options of self-catering accommodation or being placed with host families. Your chosen campus can assist with obtaining suitable accommodation.

## + Study abroad

If you are an international student enrolled at an institution overseas you may want to get a taste of studying abroad. A year or semester at UHI can be a great way of gaining first-hand experience of Scotland and its culture.

For more information on study abroad options contact: [international@uhi.ac.uk](mailto:international@uhi.ac.uk)

## + Fees and scholarships

Course fees at UHI are competitive and the Highlands and Islands of Scotland are a cost-effective place to live in the UK. A range of scholarships are available for international students, please visit our website to find out more.

You will find lots of useful information on the international section of our website:

[uhi.ac.uk/international](https://uhi.ac.uk/international)

Or you can contact us at:

[international@uhi.ac.uk](mailto:international@uhi.ac.uk)

# HISA

Highlands & Islands Students' Association  
Comann Oileanaich na Gàidhealtachd agus nan Eilean

The Highlands and  
Islands Students'  
Association:  
**representing you at UHI**

UHI Freshers Fair organised by  
HISA Inverness, September 2022

As a UHI undergraduate you are automatically a member of the Highlands and Islands Students' Association (HISA).

HISA has several roles, but improving your student experience is at the heart of everything we do.

We offer representation and advocacy for around 30,000 students across the university. Our team also organises a wide range of events and HISA can help you to set up clubs and societies at your campus.

**So if you need information or advice, have a great idea to share, or want to put your hand up to represent your peers, please get in touch!**

# Financing your studies

A university education is a big investment, but one that will pay off in the future.

## + How much will it cost me?

At university your main costs will be:

- Tuition fees – the fees charged by us to teach you (see table opposite)
- Living expenses – your accommodation, food, clothing etc

There may also be specific course-related costs; please check our website for further information

## + How will I pay?

Depending on where you live and your personal circumstances you may be eligible for financial assistance in the form of loans, grants, and bursaries. You should look for student finance as soon as you apply to university, even if you have not yet been offered a place

## + Scholarships

There are a number of scholarships and bursaries available which can provide a helping hand to enable students to progress in their studies. These are listed on our website:

[www.uhi.ac.uk/scholarships](http://www.uhi.ac.uk/scholarships)

## + For full-time study:

- If your home is in Scotland and you meet the eligibility criteria, your tuition fees are normally paid by the Students Awards Agency for Scotland (SAAS) and you can apply for a student loan to help you with your living expenses. There is also a range of other support such as Young Students' Bursary, Independent Students' Bursary, additional loan and supplementary grants. For full details visit: [saas.gov.uk](http://saas.gov.uk)
- If your home is in the rest of the UK (England, Wales or Northern Ireland) you can apply for loans and grants to cover your tuition fees and living costs through your regional student finance department.
- Visit: [gov.uk/student-finance](http://gov.uk/student-finance) for details on Student Finance England
- Visit: [studentfinancewales.co.uk](http://studentfinancewales.co.uk) if you live in Wales
- Visit: [studentfinancenri.co.uk](http://studentfinancenri.co.uk) if you live in Northern Ireland
- If you are an international student, there may be funding opportunities available for you, visit: [uhi.ac.uk/international](http://uhi.ac.uk/international)
- **If you are an EU/EEA national:** Following the UK's departure from the European Union, EU/EEA and Swiss nationals, who do not have settled status in the UK, will require a Student Route visa to study here and will be considered as international for fees. Eligible students studying for a degree, full-time, on-campus, will get an automatic scholarship for each year of study of £3k for a BA and £4k for a BSc, with the fourth (honours) year free.

**+ For part-time study:**

- If you are Scottish and planning to study part time you may be eligible for a part-time fee grant from SAAS (visit [saas.gov.uk](https://www.saas.gov.uk)) or for funding of up to £200 per year through a Skills Development Scotland Individual Training Account ([skillsdevelopmentScotland.co.uk](https://www.skillsdevelopmentScotland.co.uk))

**+ For students who require support:**

- If you have a particular need, such as a learning difficulty or disability, please speak to your chosen campus about the financial and learning support available to you

**+ Rest of the UK (RUK) students (based on 2023/24 fees):**

For students living in the rest of the UK (England, Wales, N. Ireland, Channel Islands, Isle of Man or a British overseas territory)) studying full time:

- Degree courses are charged at the per annum cost shown in the table below for a maximum of three consecutive years (fourth year free); **the maximum fee for a four year degree is £27,750**
- All HNC and HND courses are charged at £7,110 per annum for full-time study. Degree courses comprised of an HN award as the first and/or second year will be charged at £7,110 for the HN portion then the relevant fee for the degree year (fourth year free for continuous study)
- Part-time fees are pro-rata to full-time fees based on 120 SCQF credits per year
- UHI offers bursaries for full-time study to students meeting the eligibility criteria. To find out if you are eligible for an RUK bursary, visit our website: [uhi.ac.uk/ruk-bursary](https://www.uhi.ac.uk/ruk-bursary)

Undergraduate fees 2023/24*	Scotland	RUK	International (INT**)	RUK domiciled studying online	International studying online
For EU/EEA fees: see statement opposite.					
<b>Full-time degree (6x20 credit modules per year)</b>	£1,820				
BA, BA (Hons)		£9,250	£13,980	£6,120	£6,540
BSc, BEng, BSc (Hons), BEng (Hons)		£9,250	£15,360	£6,120	£7,260
<b>Full-time HN (15 Higher National credits per year)</b>	£1,285	£7,110	£7,980		
<b>Part-time degree (per 20 credit module)</b>	£305				
BA, BA (Hons)		£1,542	£2,330	£1,020	£1,090
BSc, BEng, BSc (Hons), BEng (Hons)		£1,542	£2,560	£1,020	£1,210
<b>Part-time HN (per SQA credit)</b>	£86	£474	£532		

\* The fees for 2024-25 have not yet been confirmed. Please see our website for further details.

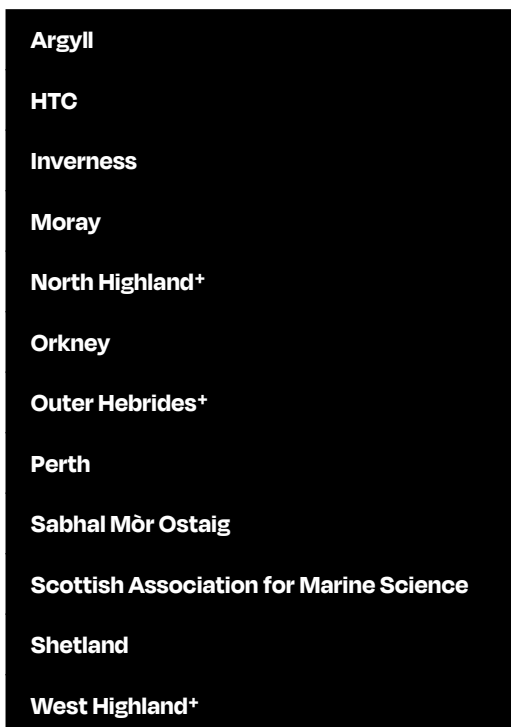

\*\* Eligible EU/EEA and Swiss nationals will get an automatic fee scholarship (see opposite)

For more information contact us on: **01463 279190**  
or visit our website at: [uhi.ac.uk/fees-and-funding](https://www.uhi.ac.uk/fees-and-funding)

# How to apply

Applications for full-time degree study should be made through UCAS. When you are ready, you will need to register first UCAS.com before starting your application on the UCAS hub. When completing your application, you can use UHI to search for us in the institution list, type in your chosen course and select your study location from the options available.

Visit: [ucas.com](https://ucas.com) for additional help and information on completing your application.

† See campus map page 153 for details

For all other full-time courses and part-time study, apply directly to us from the relevant course page on our website. Admissions staff at your chosen campus will also be happy to provide further information on all aspects of applying to the university.

## UCAS application process

The UCAS application process has specific deadlines, the first application deadline is the 31 January, 2024. This is where all applicants are guaranteed equal consideration by the universities to which they've applied. This doesn't mean you can't apply after this date: for most courses, UHI continues to accept applications after this deadline.

UCAS applications made after 30 June are made via UCAS Clearing. The Clearing service is available to UCAS applicants who are not holding any offers from universities or who did not meet the conditions of any previous offers. UCAS Clearing can help you find a suitable vacancy on a higher education course.

For more information visit [ucas.com](https://ucas.com) or call **0371 468 0468**

**Where  
learning  
means  
more**

**1**

### Select your course

Find the right course for you... browse the diverse range of courses we offer in our prospectus, or search our website for more detailed information:

[uhi.ac.uk/courses](http://uhi.ac.uk/courses)

**2**

### Select your level and mode of study

Check the level of your chosen course... this could be an HNC, BA, BSc (Hons) etc

Decide how you'd like to study... most of our degrees require full-time study, however some of our courses, including HNs and degrees, can be studied part-time

**3**

### Select your campus

Decide where you'd like to study...

**then apply  
to**

**UHI**

# Widening access to Higher Education - FAQs

## + What is widening access?

Many students from disadvantaged backgrounds have a more challenging time progressing into HE for a variety of reasons. Widening access seeks to rebalance this by making access to HE more equitable for those from under-represented and disadvantaged backgrounds.

## + Am I a widening access student?

You may be assessed as a widening access student if you:

- Live in a postcode area or attended a school where progression into HE is lower than average.
- Have experience of being in care.
- Have taken part in a Schools for Higher Education Programme, such as ASPIRE North.
- You are the first in your family to progress to university.

## + How does UHI support widening access students?

We welcome, encourage, and support applications from widening access students. Indeed, it is a core value of UHI to provide education for those who may not otherwise have the opportunity.

If you are in one of the above groups, your application will be given additional consideration. This applies to applicants who do not have the standard entry requirements for the course, or where there is competition for places. It may result in you joining the course with lower grades than the standard entry requirement and/or undertaking additional work before starting your course.

## + What if I don't have the standard entry requirements?

The published standard entry requirements have been set at the minimum required to successfully complete the course. You will usually need to achieve grades as good as or better than these to be made an offer.

However, we consider each applicant individually to identify your full talent and potential, regardless of background or life circumstances, and look beyond grades to do this.

If you do not have the published standard entry, we can offer many alternative routes to degree study, for example:

- You may be asked to complete a summer school or a short online course or undertake a written assignment as part of your offer.
- If you are assessed as a widening access student and, for some courses, you may get a lower or adjusted offer.
- We also have a range of access courses, including Higher National Certificates (HNCs) and Higher National Diplomas (HNDs), which can help you gain entry to your chosen degree. Many HNCs and HNDs will allow you direct entry to the second or third year of a university degree programme. Details of subjects and grades required are listed on the relevant degree course pages.

## + What else do I need to get onto the course I want to study?

Alongside qualifications you will need a personal statement and a reference. For certain courses, you may also need to:

- come to an interview or audition
- submit an art/design portfolio
- provide evidence of relevant work or voluntary experience

C
